

A Dock Ladders *(available for all dock systems)*

One-piece, removable vertical ladder with 1 1/2" tubular aluminum frame and arched, slip resistant 4" treads for added comfort with bare feet.

Ladder Size	Aluminum	Powder Coated
3' ladder	\$ 219	\$ 339
4' ladder	\$ 239	\$ 365
5' ladder	\$ 259	\$ 389

Please allow additional order time for powder coated ladders.

Dock Ladder
(aluminum finish)

Please note any dock compatibility exclusion(s) for options and accessories. Please be sure to identify your style of dock when placing orders for options.

B Shallow Water Stairs *(available for all leg & wheel docks)*

One-piece welded aluminum structure with aluminum handrails down each side and non-slip treads with adjustable footpads.

Stair Size	Aluminum	Powder Coated	Elevation ¹
4 step	\$ 575	\$ 749	37" – 49"
5 step	\$ 625	\$ 819	45" – 57"
6 step	\$ 675	\$ 889	53" – 65"

Please allow additional order time for powder coated stairs.

¹ Accommodates elevation from deck surface to lake bed.

Shallow
Water Stairs

shown above with optional powder coated finish (special order)

NEW PRODUCTS

Lower Access Platform for swimming & kayaking

Stationary leg docks are often quite a distance above the water's surface, making accessing the water for swimming or kayaking very difficult. This lower access platform is designed to provide you with a safe transition to the water. If the distance is too far to step from your dock to the platform, utilize one of our aluminum ladders on the dock to safely transition to the lower platform.

- Designed to provide lower access for swimming or using your paddle crafts
- Add our aluminum ladder (see page 8) on your dock to transition down to the platform if needed
- Overall frame size is 15" wide × 9' 3" long (designed to be used alongside any 8–10' long dock with 1 ½" support pipes).
- 5" tall aluminum frame with Sure-Step® flow-thru, anti-slip decking
- Adjustable sleeves that slide over 1 ½" support pipes

Lower Access Platform: \$695

Disclaimer: To avoid tipping, the dockside platform must be installed on a leg dock system rather than a single dock as shown. Please contact us for more details.

Boarding Handle

Made with marine-grade aluminum, the boarding handle provides a safe handhold when boarding your boat. Mounts available for any **Dock Doctors** dock systems or a universal mount to attach to any dock frame. Height from mount to top of handle is 48".

Boarding Handle: \$ 89

Track Mount (as shown): \$ 59

please call for pricing on other mount styles.

Angled Ladder NEW

One-piece welded aluminum angled ladder with aluminum non-slip treads.

Please Note: the photo is our prototype. Please call or check our website for more information on availability, sizes and pricing.

Protect your boat and dock with our adjustable vertical fenders

(available for all dock systems)

Our unique vertical fender design is adjustable on the mount which is often necessary due to lake level and boat style. Add a fender cleat kit (see **G** below right) for a complete securing system for your boat.

Our pipe-mounted vertical fenders offer two forms of adjustment. They adjust up and down on the mount and up and down on the pipe.

Vertical Fenders				
Fender Style	Mounting Style	3' long	4' long

G Fender Cleat Kit

Designed to be used with the 3' or 4' fenders listed to the left. Includes (2) cleats per kit that bolt onto the fender mount.

\$ 36.⁹⁵ / kit

Fender Cleat Kit
2 cleats included per kit

A Edge Fender

High quality, non-marring black edge fender. Available for all aluminum "track-frame" floating docks, and custom galvanized steel floating dock systems.

\$ 6.⁵⁰ per foot (material only, not installed, not including fasteners)

\$ 9.⁷⁵ per foot (installed with stainless steel fasteners*)

*installation available on new dock orders only

Cleats

B Pipe Cleat (for 1 1/2" pipe)

A single cleat mounted to a sleeve that slides over the leg pipe. Available for all leg & wheel docks except the mega leg & wheel docks. \$ 29.⁷⁹ each

C Track Cleat

Designed to slide along the track of our floating aluminum track dock systems (see pp 38-40). \$ 18.⁹⁹ each

D Taylor Made Mooring Whips

Mooring whips with fixed angle base. Two-piece kit, will need to be epoxied (epoxy included with kit). **Recommended for low profile boats such as bass boats, runabouts and sport boats.**

MW120: \$ 521

MW140: \$ 591

(for 18' - 23' boats / 2,500-5,000 lbs.)

(for 24' - 28' boats / 5,000-10,000 lbs.)

Disclaimer: Some docking conditions may be too rugged for this product.

E Dock Doctors Mooring Whip Dock Mounts

Required for docks with removable decking. \$ 129

for Taylor Made mooring whip models listed above only

E Truss frame mount

Track frame mount

Sliding Boarding Step

Dock mounted sliding boat boarding step that bridges the gap between your dock and your boat.

- Boarding Step travels 20" depending on mounting location
- Smooth operation slides back & forth
- Includes safety handrail that can mount to either side of platform
- Sure-Step® slip resistant polypropylene decking
- Welded aluminum 5" high frame with mounting bracket
- Vinyl edge fender to protect boat
- Securely attaches to your existing dock - not a free-standing unit
- Weight capacity of unit is 300 lbs. (Note: dock structure & condition will affect capacity of unit)

Ideal for pets too!

Sliding Boarding Step

Style	Price
Sliding Boarding Step	\$ 849

Prices include boarding handle. Platform is a welded, one-piece unit. Mounting to dock system may require additional reinforcement to dock for secure attachment.

NEW PRODUCT Boarding Ramp

This product is designed to create a smooth transition over the space between your dock and the swim platform on your boat. Simply flip back over onto dock when not being used or lift out of bracket to stow out of the way. Features aluminum frame with Sure-Step® anti-slip decking and vinyl strip on the underside where it rests on the swim platform.

Left: Boarding ramp in boarding position.

Above: Boarding ramp in storage position.

Please note: the photos are our prototype - please call or check our website for more information on availability, sizes and pricing.

Dock Mounts		Price
D3 Deck surface mount		\$ 80
D4 Side mount		\$ 80
D5 Pole mount for docks with 1 ½" leg pipe		\$ 80

Decking Choices

CEDAR

CEDAR Natural, cost effective decking option that is naturally resistant to decay and insects. Red cedar will weather to a soft, silvery gray. Cons: Over time will absorb moisture and weather unless sealed with a preserving stain.

ALUMINUM

ALUMINUM Powder-coated finish eliminates glare from the aluminum. Resists the growth of mold and mildew and won't rust, rot, split or stain. Non-slip, rigid, surface that is low-maintenance and is cool to the touch. Cons: Can sound metallic when you walk on it – especially on our docks with removable panels.

NYLODECK®

NYLODECK® Environmentally-friendly NyloDeck® is made using 100% recycled carpet fiber and contains no wood or PVC. NyloDeck® is the only 1 inch composite deck board rated to span joists at 24 inches on center. It is twice as strong as other leading composite decking materials. Lightweight and easy to work with and is impervious to moisture, mold, mildew and insects. Cons: Not a natural wood.

NyloDeck® color choices

(A) Mountain Mocha, (B) Harbor Gray

TREX®

TREX® Extremely weather resistant, Trex® is the leader in the industry for composite decking and will maintain its color and beauty for years. Recommended for direct screwed applications, 16" on center. Cons: The heaviest of all of our decking options. Due to weight, tends to hold the most heat on hot summer days. Trex® may have a sagging/wavy appearance over time.

BY SPECIAL ORDER ONLY

Trex® Standard color choices

Readily available: (A) Gravel Path, (B) Rope Swing, (C) Fire Pit
Longer lead times: (D) Vintage Lantern, (E) Tree House

Trex® Transcends premium colors

(F) Spiced Rum, (G) Lava Rock, (H) Tiki Torch

IPE

IPE Extremely hard, very durable and naturally resistant to rot and insects. Ipe's strong, resilient properties make it an excellent material choice for marine applications. Cons: It is a natural wood, therefore there will be inconsistencies with regard to color, weathering and texture. Due to the density of Ipe, it is heavy and hard to drill and cut, therefore more labor intensive than working with other decking materials.

SURE-STEP®

SURE-STEP® Slip-resistant, polypropylene surface that allows water and sunlight through to help conserve the underwater ecosystem. Preferred option for dock structures that are situated close to the water so waves will pass through the decking, adding minimal resistance. (Available on our aluminum docks and swim floats).

Cons: Only available in certain dimensions, so may not be a viable option for many applications.

Easy Hassle Free Mounting
No Wiring Required

Solar Dock Post Lites

\$ 55.⁹⁵
package of 2

- Fits standard pipes (1 1/2" & 2" ID in size)
- 6" H x 3.5" diameter (UV stabilized polycarbonate)
- (1) Super bright LED (12 Lumens)
- Automatic night activation
- Fully sealed electronic circuit board
- Powerful solar panel
- Lasts 18+ hours on a full charge
- Replaceable 1.2v NiMh battery
- Two (2) post lites in each package

1 3/8" Dock Dots

The smallest solar lights you have ever seen! Easy to install in minutes with a quick 1 3/8" drill bit or hole saw.

Available in:
white/blue/green/amber/red
\$ 55.⁹⁵
package of 4

Deck Lights

Industrial strength solar powered dock light made from marine grade anodized aluminum for superior protection in harsh marine environments.

Available with white LEDs only
\$ 39.⁹⁵
each

Aqua Dock Lights

Aqua Dock Lights are designed to attract a natural food chain by luring bait fish which in turn will attract larger fish, turning your waterfront property into a virtual aquarium.

- Up to 40' diameter of light
- Easy depth adjustment
- 100,000+ hrs. LED lifespan
- Costs only pennies per day to operate

Apollo underwater LED system includes:

- (1) Apollo light & AC to DC power supply
- (1) 3 lb. weight & weight strap
- 40' power cord (longer lengths available)
- Choice of blue, green, orange, red or white color

Model #AD-APOLLO **\$ 512.⁴⁹**

Apollo model is recommended for water depths of 3' - 5'.
For depths over 5 feet, please inquire about other models & options available.

BIRD•B•GONE^{Inc.} Sea Gull Eliminators

A Bird-B-Gone[®] Bird Spider 360[°]

The Bird-B-Gone's spider's spinning motion is effective at deterring birds from landing on your boat, swim raft or dock. Stainless steel arms with scuff-preventing polycarbonate tips move with the breeze. *Mount permanently (screws included) or use an optional rail, bimini or sandbag mount.*

Model #MMBS400SPN (4' diameter) **\$ 49.⁹⁹**

Model #MMBS800SPN (8' diameter) **\$ 59.⁹⁹**

B Bird-B-Gone[®] 360[°] Repellent

6' diameter, wind driven rotator keeps birds from roosting on your boat, swim raft or dock. Includes standard mounting block (screws included). *Optional rail, bimini or portable sandbag mounts sold separately.*

Model #MMRPL360 **\$47.⁹⁹**

Rail Mount

For mounting to boat railing 1" to 1.86" in size and other surfaces that will accept a C-clamp.

Model #MMRLMNT **\$22.⁹⁹**

Sandbag Base

Attaches directly to either style repeller and comes with all the necessary hardware. Has eyelets around outer ring for extra security. *Weighs 8 lbs.*

Model #MMBSBB-SB **\$41.⁹⁹**

Boat Base

Used to secure either style bird repellors to masts, spreaders and other areas. Comes with all the necessary hardware.

Model #MMBSBB2 **\$9.⁹⁹**

Dock Pro[®] Dock Cart

The Dock Pro dock cart is simply the easiest way to carry all your gear to your boat. Features a spacious 7 cu. ft. (47" L x 23" W x 13" D) heavy wall roto-molded poly-tub that will not rust or rot. Zinc coated corrosion resistant hardware used throughout. Plastic rim wheels with roller bearings will stand up to the harshest marine environment.

Item #TAY1060 **\$ 279.⁹⁹**

Dock cart with solid wheels (300 lb. capacity)

plastic rim wheels will stand up to the harshest marine environment

A Adjustment Kit

Adjust the level of your dock with this kit that slides over the 1 ½" leg pipe. Available for all leg & wheel docks with 1 ½" pipe. Sold as a pair (winch with sleeve and hook).

\$ 245 / pair

B Spud Puller & Pounder Kit

This (2) piece system aids in the installation and removal of spud pole anchors for our floating dock systems.

2" puller/pounder kit:
\$ 249

3" puller/pounder kit:
\$ 309

C Boat Lift Wheel Kits

Specifically designed for use with RGC® boat lifts and can be modified for use with hydraulic boat lifts. Includes a pair of welded galvanized steel mounting brackets and (2) heavy duty polyethylene wheels.

BLW2045 (fits 2,000 - 4,500 lb. lifts): **\$ 292 / pair**

BLW5060 (fits 5,000 - 6,000 lb. lifts): **\$ 305 / pair**

D Air Bag Lift Kits

Inflatable 250 and 500 lb. capacity air bags with attachment strap to float your boat lift for seasonal installation and removal. Ideal when used in conjunction with a wheel kit (see photo on right). Includes connecting kit (carabiner and strap).

250 lb. capacity: **\$ 235** 500 lb. capacity: **\$ 350**

Boat lift accessories available for seasonal installation and removal. Make the seasonal installation and removal of your boat lift easier with a wheel kit and/or air bag lift system.

Smarte Jack™

Smarte Jack™ makes moving your boat lift easy and quick. Once you attach the Smarte Jack™ retractable wheel kit to your boat lift, you don't have to remove it unless you want to.

- Jack raises or lowers with a wrench or a cordless drill; 18" adjustability
- Fits most boat lifts and installation is a snap
- Heavy-duty aluminum construction
- 700lb. capacity
- Fits 2" or 1 7/8" I.D. plastic wheel
- Mounting hardware included
- One pair per box
- For use with optional wheels (*sold separately*)

Smarte Jack™: \$ 365 / pair

optional wheels: \$ 130 / pair

Boat Lift Helper

The Boat Lift Helper is made of the same tough material that the military uses to raise sunken equipment from the ocean floor. The heavy-duty air-lift-bags will raise your boat lift up off the lake bottom for simple positioning right from your dock. No need to muscle your boat lift through muddy, sandy, rocky, or weedy lake bottoms.

Mid-season when lake water levels change, simply re-inflate the Boat Lift Helper's powerful air-lift-bags to move your boat lift into a new position. No hassles or need to re-attach wheels and no special air compressors are required.

Boatlift Beam Width	Recommended Kit	Price
108"	7' bag kit	\$ 1,545
116"	8' bag kit	\$ 1,595
124"	9' bag kit	\$ 1,745
