*Ideal for boats from 6,000 to 32,000 lbs, the **Ultimate vertical boat lift** is custom manufactured with industrial quality hot-dipped galvanized steel. This lift can be used in shallow and deep water applications, rough water, and in fluctuating water levels. The 12,000 lb. and larger models are modular for ease of seasonal handling.*

Please note: boat lift shown should be raised higher so entire boat and cradle are out of the water to achieve optimum safety for the boat.

Ultimate VL Boat Lift – by The Dock Doctors

- 6,000 lb. to 32,000 lb. capacity
- 9 ft. standard lift height (other heights available)
- Great for shallow or deep water applications
- High lift for rough water & fluctuating water levels
- Portable/seasonal if necessary - 12,000 lb. & larger models fabricated in modular sections for ease of seasonal handling
- Industrial quality hot dipped galvanized steel construction, stainless steel cables & galvanized fasteners
- Adaptable to boathouses for use with permanent docks
- Custom heights, widths & lengths are available to accommodate your boat & location

12,000 lb. Ultimate vertical boat lift with custom canopy.

12,000 lb. capacity Ultimate vertical boat lift with optional powder coating.

Bolton Landing, NY

Above: 32,000 lb. capacity Ultimate Lift.
Right: Modular section of the above boat lift being loaded for delivery. See information on our delivery services on page 3.

Queensbury, NY

12,000 lb. capacity Ultimate Lift with oil bath drive upgrade.

Sliding Boarding Step: Bridges the gap from your dock to your boat

Remove the gap to transition safely to/from your boat. Securely attaches to your existing dock (see page 12 in the dock accessories section of this catalog).

*Prices above include Gem remote control, sealed bearing and grooved cable winders, AC drives, (4) 7' vertical guide poles with PVC sleeves, (4) wheel mounts, (4) 24" adjustable legs and heavy duty carpeted bunks. Optional oil bath drives and full length guide-ons are available. Please inquire for pricing.

We can deliver and install your boat lift.

See page 3 for delivery information.

Boathouse lifts are custom built to be installed in new or existing boathouses. These lifts are designed to accommodate various boat styles, capacities, and in some cases aesthetic appearance.

- Freestanding units for boathouses without structural integrity to support your boat
- Bunk style cradle system with pull-out tubes for winter storage
- Sling style for shallow water applications

Sling style boathouse lifts are ideal for shallow water applications.

Occasionally, protecting your boat requires a product that is designed to fit your individual needs. We can design, fabricate, and install custom canopies, boat lifts and much more to accommodate unique situations. Please contact us for a free quote and conceptual layout.

Above: The Dock Doctors Ultimate Lift (see pages 60-63) customized to attach to the shore with galvanized lift arms which allow it to be raised for winter storage.

Custom powder coated uprights for use with a standard RGC® canopy.
