The Dock Doctors LLC
Waterfront Specialists

With over 30 years of experience, we offer a very diverse product line for both residential and commercial waterfront living applications. All of our products are designed and manufactured in our state of the art facility in Ferrisburgh, Vermont. Please visit our website to find out more about our other quality waterfront products.

Our paddle products our manufactured in Vermont USA, and can be picked up, delivered locally, or shipped to anywhere in the continental USA.

We also have a distribution facility in Englewood, Florida with limited product availability.

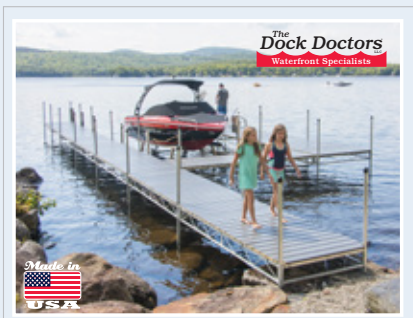

Products with a UPS logo may be shipped via UPS (please visit our website to calculate shipping to your location). All other products are shipped via truck or delivered locally. Please contact us for shipping prices.

Paddlesport Trailers: canoe / kayak / paddleboard

4' x 5' deluxe trailer with optional raised rack, J-mounts, spare tire & trailer jack.

Our **Paddlesport Trailers** are fully-assembled and manufactured with marine-grade, one-piece aluminum frames. Available in a variety of sizes and styles, these high-quality, functional trailers will safely transport and store all your paddling gear.

Optional powder coated trailer to match your vehicle. Shown with optional sideboard accessory. Contact us for pricing and color choices.

- Lightweight marine-grade aluminum frame with galvanized Dexter™ axles
- Adjustable tongues for changing load needs & storage
- Welded one-piece frame with stainless-steel fasteners
- Non-skid, Sure-Step® UV resistant deck surface
- Racks & load bars easily remove for use as utility trailers
- Load bars feature marine grade vinyl hull-guards & custom end caps with built-in tie down openings
- Long lasting LED lights

We ship our trailers to anywhere in the continental USA.

Above: 4' x 5' standard model with added accessories to accommodate all your outdoor recreation needs.

Standard Trailer

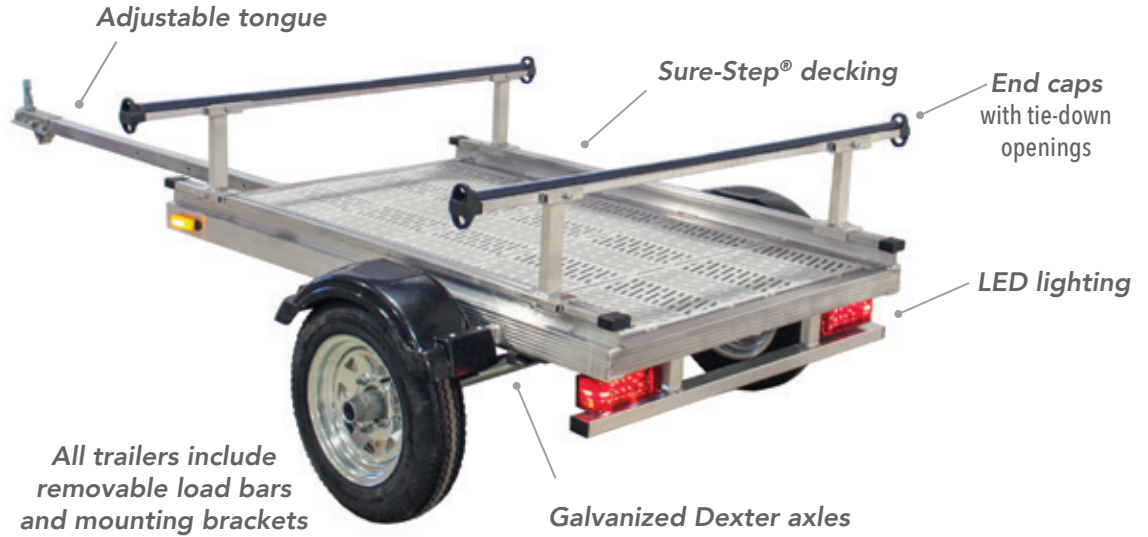

Available in:

3' x 5'

4' x 5'
with or without rack

4' x 8'

5' x 10'
with or without rack

LED lighting

removable load bars with custom end caps & vinyl hull guard included

built-in tie down loops on end caps

adjustable tongues

Sure-Step® trailer bed decking

Deluxe Trailer

Available in:

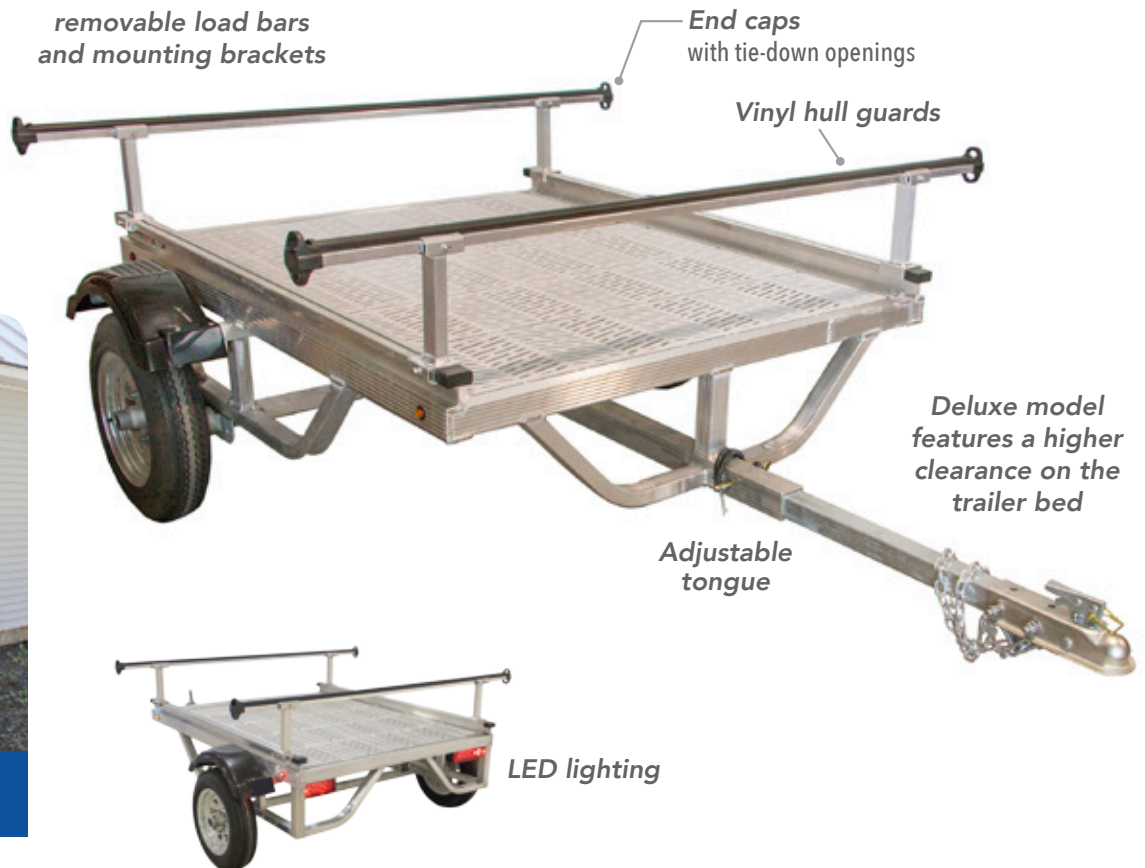

4' x 5'

higher clearance on trailer bed stands on end for storage

4' x 5' deluxe trailer stands-up for storage

All trailers include removable load bars and mounting brackets

Paddlesport Trailers

Raised rack shown with optional cradle mounts and "J" style cradles for kayaks.

A Raised Rack

This is the ultimate outdoor adventure rack designed for use on our 4' and 5' wide trailers. Store your bike, kayak & gear all on this one rack (trailer and kayak holders sold separately).

Cradle Mounts for use with our Raised Rack (A). Sold as a pair, they mount to the side of rack and are universal for use with Malone or Thule "J" style cradles (cradles not included).
MSRP: \$159.⁰⁰ Our Price: \$139.⁹⁵

B 4-Craft Rack

Compatible with 4' x 5' paddlesport trailers. (standard and deluxe models)

4-craft rack

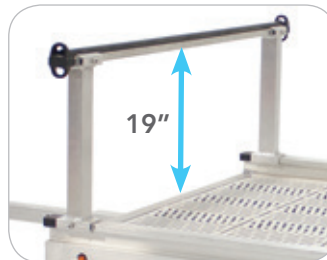

D Trailer Sideboards

Turn your 4' x 5' paddlesport trailer into a full utility trailer with these removable sideboards. Constructed of marine-grade aluminum, they are 16" high from the trailer bed. Includes brackets for mounting load bars.

E Load Bar Extender Kit

This kit raises the load bars from 11" to 19" above the trailer bed - allowing room for more gear under your load bars.

C 8-Craft Rack with built-in storage box

Transport your paddle crafts & gear all with this one rack.

F Spare Tire and Mount

DOT approved two-ply 12" or 13" trailer tire with tongue mount.

Our innovative **Kayak Lift & Launch** systems provide a smooth transition for you and your paddle craft to and from the water. Available with built-in ladder to accommodate seawalls or permanent docks or without the ladder for docks that are only a minimal distance off the water. For more information and to see a product video please visit our website at: www.thedockdoctors.com/ladder-lift-launch

Watch a video of the kayak ladder lift at: www.thedockdoctors.com/ladder-lift-launch

- Ladder Lift mounts to seawalls or permanent docks with a 6' lift height
- Manual winch to raise and lower the platform (electric winch available for ladder models KLL-100 and KLL-400)
- Units without the ladder option offer 30" of lift height
- All models include boarding handle with built-in paddle hooks
- Sure-Step® UV resistant decking on platform
- Adjustable aluminum & vinyl bunks
- 100 lb. capacity lifts available with or without the ladder
- 400 lb. capacity lift available with ladder only

Below: Sure-Step® decking on platform. Adjustable aluminum & vinyl bunks accommodate all kayaks, canoes & paddle boards (not designed for Jet skis).

Above: New model to accommodate larger crafts such as the Hobie Mirage® Tandem shown above.

Below: KLL-100 model shown with optional powder coated finish.

Kayak Ladder Lift & Launch

For sites with fluctuating water

Our Kayak Ladder Lift & Launch has a lifting height of 6' and mounts to seawalls or permanent docks. Available in standard marine-grade aluminum or powder coated white finish. Includes manual winch, boarding handle, kayak leash and adjustable aluminum & vinyl bunks.

KLL-400 Install Kit: (4) pieces of 5/8" threaded stainless steel rod with Epoxy tube; (4) stainless steel 5/8" nuts, flat & lock washers & Never-Seez®. \$99

Note: installation will require an electric hammer drill with concrete bit sized accordingly for the rod listed above.

Dock & Launch: Residential Small Craft Launch Systems

Our exclusive **Launch Port Systems** allow for easy water access when launching kayaks, canoes and paddle boards. Available as a lift unit (see page 18) that will raise and lower crafts (ideal for fluctuating water height) or a freestanding system (shown on this page) incorporated into our standard duty aluminum leg dock (launch is at a fixed level, designed for controlled bodies of water with minimal fluctuation).

Freestanding Launch Port System

- Ideal for controlled bodies of water with minimal fluctuation
- Fixed height non-skid Sure-Step® platform
- Non-marring Stoltz® rollers
- Variety of layouts available by adding more leg dock sections to accommodate individual sites
- Base unit includes:
(1) 4' × 8' & (1) 4' × 10' standard duty aluminum leg dock sections with attached Sure-Step® decking
- Optional grab & launch rails offer more control for gliding on and off the launch platform

Freestanding Launch Port System with optional dock-mounted kayak storage rack (sold on page 7).

Grab & launch rails

Easy-access boarding handle

Freestanding Launch Port Standard Duty Aluminum

Boarding handle (optional)

Grab & launch rails (optional)

SURE-STEP®

Price

\$ 4,099

\$ 309

\$ 525

Pipe for upright supports sold separately pending water depth and lengths required.

Lower Access Platform for swimming & kayaking

Stationary leg docks are often quite a distance above the waters' surface, making accessing the water for swimming or kayaking very difficult. This lower access platform is designed to provide you with a safe transition to the water. If the distance is too far to step from your dock to the platform, utilize one of our aluminum ladders on the dock to safely transition to the lower platform.

- Designed to provide lower access for swimming or using your paddle crafts
- Add our aluminum ladder on your dock to transition down to the platform if needed
- Overall frame size is 15" wide × 9' 3" long (designed to be used alongside any 8–10' long dock with 1 1/2" support pipes).
- 5" tall aluminum frame with Sure-Step® flow-thru, anti-slip decking
- Adjustable sleeves slide over 1 1/2" support pipes

Lower Access Platform: \$ 695

Disclaimer: To avoid tipping, the lower access platform must be installed on a leg dock system rather than a single dock as shown. Please contact us for more details.

Dock Ladders (sold separately)

One-piece, removable vertical ladder with 1 1/2" tubular aluminum frame and arched, slip resistant 4" treads for added comfort with bare feet.
