

Our innovative **Kayak Lift & Launch** systems provide a smooth transition for you and your paddle craft to and from the water. Available with built-in ladder to accommodate seawalls or permanent docks or without the ladder for docks that are only a minimal distance off the water.

Watch a video of the kayak ladder lift at:
www.thedockdoctors.com/ladder-lift-launch

100 lb. capacity model KLL-100

Raise and lower the platform with manual or optional electric winch.

The non-slip treads on the ladder offer safe and easy access.

Launch platform features Sure-Step® non-skid decking, boarding handle and kayak leash to secure your craft.

Kayak Lift & Launch by The Dock Doctors

- Mounts to seawalls or permanent docks
- 6' lifting height on ladder models (KLL-400 & KLL-100)
- 32" of lift height on non-ladder model (KDL-100)
- Manual winch raises and lowers the platform (electric winch available for ladder models)
- Boarding handle with built-in paddle hooks
- Sure-Step® UV resistant decking on platform
- Adjustable aluminum & vinyl bunks
- 100 lb. & 400 lb. craft capacities (400 lb. capacity available in KLL-400 model only)
