

Designed for smaller lakes and bays, our standard duty aluminum frame leg and wheel docks feature an exceptionally strong aluminum frame. Strong yet lightweight, these docks can be installed by one person.

Salisbury, VT

Standard Duty Aluminum Leg & Wheel Docks

- Exceptionally strong aluminum frame
- Support stanchions built into the frame for an obstruction-free dock edge
- Removable decking in cedar, composite – or attached Sure-Step® decking
- Ipe hardwood decking option also available

Fill out our site survey and we will send you a free estimate and conceptual layout customized to your property.

Dock pricing includes frame and removable decking. Wheel dock pricing includes (1) pair of wheels and axle assembly. The necessary assembly components are sold separately.

*Weights for docks do not include the decking with the exception of docks with Sure-Step® decking, which attaches directly to the dock frame and is not removable.

Caspian Lake,
Greensboro, VT

Our medium duty aluminum frame leg and wheel docks offer superior strength and stability, featuring taller frames and longer and wider sections than our standard duty frames. Easy to install, the support stanchions are built into the frame and flush to the sides of the dock, allowing for an obstruction-free dock edge.

Medium Duty Aluminum Leg & Wheel Docks

- Exceptionally strong, 7" tall aluminum frame
- Support stanchions built into the frame, for an obstruction-free dock edge
- Removable decking panels in cedar, composite or aluminum
- Ipe hardwood decking option also available

EASY to install

No sharp edges on underside of frames make our aluminum docks easy on the hands for carrying.

West Glover, VT

Above Top: Medium duty aluminum docks with cedar decking and 2,000 lb. vertical boat lift. Inset: Dock sections installed side-by-side to create an "L" shape with optional triangle section for more deck space.

Orwell, VT

Leg & Wheel Docks

Heavy Duty Steel Truss

Designed for exposed sites and rough water conditions, our heavy duty steel truss leg and wheel docks are incomparable for strength and durability. The heavy duty truss frame allows water to pass through the frame.

Ticonderoga, NY

Heavy Duty Steel Truss Leg & Wheel Docks

- Designed for exposed sites
- Heavy duty 9" galvanized steel truss frame with adjustable leg stanchions built into frame
- Removable decking in cedar or composite
- Ipe hardwood decking option also available
- 10 year limited warranty

Transition safely with our ladders, shallow water stairs, or stair systems.

(A&B shown on page 8, C shown on pages 18-19)

Ludlow, VT
