Look for the truck for our stock products that qualify for free delivery*!

*** Free Curbside Delivery Terms & Conditions:**

1. Curbside delivery definition: We will back up as close as we can with our vehicle to your installation site and off-load your product. We cannot carry your product further than the side/rear of our truck/trailer. Our delivery vehicles cannot go off of approved driveway surfaces (ie on grass, etc.).
2. Free delivery available on The Dock Doctors® Stock Products only. Please see chart to the right for minimum purchase amounts to qualify for free delivery. Free delivery does not apply to rowing or paddle docks.
3. Connect-A-Dock, Boat Lifts, canopies & accessories – free delivery applies to products in stock only.
4. If you want your product installed, please inquire on rates for this service – free delivery does not apply.
5. Additional fees apply for wide loads (assembled boat lifts) and ferry charges, if needed.
6. Purchases under \$1000 are subject to a \$2 per mile one way charge from Ferrisburgh, VT. A ground shipping method/charge by another source such as Common Carrier or UPS may be more feasible depending on product purchased.

A Aluminum Swim Float

Aluminum Swim Float

- Lightweight aluminum frame

Standard Aluminum Finish

A Dock Ladders (available for all dock systems)

One-piece, removable vertical ladder with 1 ½” tubular aluminum frame and arched, slip resistant 4” treads for added comfort with bare feet.

Stock Size	ALUMINUM	POWDER COATED
3’ ladder	\$ 235	\$ 365
4’ ladder	\$ 255	\$ 390
5’ ladder	\$ 275	\$ 420

Please allow additional order time for powder coated ladders.

Dock Ladder
(powder coated finish)

Optional Powder Coated Finish (black)

Please note any dock compatibility exclusion(s) for options and accessories. Please be sure to identify your style of dock when placing orders for options.

Standard Aluminum Finish

B Shallow Water Stairs (available for all leg & wheel docks)

One-piece welded aluminum structure with aluminum handrails down each side and non-slip treads with adjustable footpads.

Stair Size	ALUMINUM	POWDER COATED	Elevation ¹
4 step	\$ 615	\$ 809	37” – 49”
5 step	\$ 665	\$ 879	45” – 57”
6 step	\$ 715	\$ 949	53” – 65”

Please allow additional order time for powder coated stairs.

¹Accommodates elevation from deck surface to lake bed.

Optional Powder Coated Finish (brown)

Lower Access Platform for swimming & kayaking

Stationary leg docks are often quite a distance above the waters' surface, making accessing the water for swimming or kayaking very difficult. Our lower access platform is designed to provide you with a safe transition to the water.

- Designed to provide lower access for swimming or using your paddle crafts
- Add our aluminum ladder (see page 8) to transition down to the platform
- 5" tall aluminum frame with Sure-Step® flow-thru, anti-slip decking
- Overall frame size: 15" wide × 9' 3" long designed to be used alongside any 8-10' long dock with 1 ½" support pipes
- Adjustable sleeves slide over 1 ½" support pipes

Lower Access Platform: **\$745**
add optional ladder (see p. 8)

Boarding Handle

Made with marine-grade aluminum, the boarding handle provides a safe handhold when boarding your boat. Mounts available for any **Dock Doctors** dock systems or universal mount to attach to any dock frame. Height from mount to top of handle is 48".

Boarding Handle **\$98**

Track Mount (shown) **\$64**

please call for pricing on other mount styles.

This product ships free within the continental USA. Visit our website for full details.

Model KDL-100

Dock Mounted Kayak Launch

For docks that are a minimal distance off the water, our dock mounted Kayak Launch (model KDL-100) has a lifting height of 30" and can accommodate crafts up to a 38" beam width. See full details in our [Paddle Products Catalog](#) or on our website.

\$1,799 SHIPS UPS

Ships FREE within the continental USA

Protect your boat and dock with our adjustable vertical fenders (available for all dock systems)

Our unique vertical fender design is adjustable on the mount which is often necessary due to lake level and boat style. Add a fender cleat kit (see **G** below right) for a complete securing system for your boat.

Two forms of adjustment:

- 1 Up and down on the mount and
- 2 Up and down on the pipe.

Vertical Fenders

Fender Style	Mounting Style	3' long	4' long
<i>For all Aluminum Leg & Wheel Docks & Steel Truss Leg Docks with 1 1/2" pipe:</i>

E Fender (not shown)	Track Mounted	\$ 156	\$ 178
<i>For all Aluminum "Track-Frame" Floating Docks - includes spud mount:</i>			
F Fender (not shown)	Spud Anchor Mounted	\$ 338	\$ 358

Fender Cleat Kit
2 cleats included per kit

Fender Cleat Kit

Designed to be used with the 3' or 4' fenders listed to the left. Includes (2) cleats per kit that bolt onto the fender mount.

\$ 40 per kit (2 cleats)

A Edge Fender

High quality, non-marring black edge fender. Available for all aluminum “track-frame” floating docks, and custom galvanized steel floating dock systems.

\$ 7.²⁵ per foot (material only, not installed, not including fasteners)

\$ 10.⁵⁰ per foot (installed with stainless steel fasteners*)

*installation available on new dock orders only

Cleats

B Pipe Cleat (for 1 1/2" pipe)

A single cleat mounted to a sleeve that slides over the leg pipe. Available for all leg & wheel docks except the mega leg & wheel docks.

\$ 33 each

C Track Cleat

Designed to slide along the track of our floating aluminum track dock systems.

\$ 21 each

D Taylor Made Mooring Whips

Mooring whips with fixed angle base. Two-piece kit, will need to be epoxied (epoxy included with kit). Recommended for low profile boats such as bass boats, runabouts and sport boats.

MW120: **\$ 550**

MW140: **\$ 625**

(for 18' – 23' boats / 2,500–5,000 lbs.) (for 24' – 28' boats / 5,000–10,000 lbs.)

Disclaimer: Some docking conditions may be too rugged for this product.

E Mooring Whip Dock Mounts (for Dock Doctors docks)

Required for docks with removable decking. **\$ 139** for Taylor Made mooring whip models listed above only

Truss frame mount

Track frame mount

skirt boards

Skirt boards for our galvanized steel truss dock systems provide the aesthetic appearance of a wooden dock.

C Skirt Boards

Used to camouflage the truss frame to give the appearance of a wooden dock system. *Please inquire for further details.*

D Flag Poles

Add beauty to your waterfront property with a telescoping flagpole. These poles have no ropes, chains or pulleys so you do not have to worry about knots and tangles and they are virtually noise-free.

Each section of the pole raises and lowers easily. 16' tall telescoping aluminum flagpole includes a 3" gold aluminum ball ornament, a double flag harness to fly two flags or fly at half mast, a 3' x 5' nylon USA flag with embroidered stars and sewn stripes. Other pole heights available as special order.

Flag Poles

Style	Suggested Retail	Our Price
D1 Silver Finish Flag Pole	\$ 339	\$ 289
D2 Black Finish Flag Pole	\$ 369	\$ 309
Dock Mounts		Price
D3 Deck surface mount		\$ 80
D4 Side mount		\$ 80
D5 Pole mount for docks with 1 ½" leg pipe		\$ 80

CEDAR

CEDAR is a natural, cost effective decking option that is naturally resistant to decay and insects. Red cedar will weather to a soft, silvery gray. *Cons:* Over time will absorb moisture and weather unless sealed with a preserving stain.

ALUMINUM

ALUMINUM resists the growth of mold and mildew and won't rust, rot, split or stain. The powder-coated finish eliminates glare from the aluminum. The non-slip, rigid, surface is low-maintenance and cool to the touch. *Cons:* Can sound metallic when walking on it, especially on our docks with removable panels.

SURE-STEP®

SURE-STEP is a slip-resistant, polypropylene surface that allows water and sunlight through to help conserve the underwater ecosystem. Preferred option for dock structures that are situated close to the water so waves will pass through the decking, adding minimal resistance. *(Available on our aluminum docks and swim floats).* *Cons:* Only available in certain dimensions, so may not be a viable option for many applications.

WEARDECK®

STOCKED COLORS
Barefoot Collection

(A) Barefoot Grey

(B) Barefoot Sand

WEARDECK®

SPECIAL ORDER COLORS*

(C) Weatherwood

(F) Saddle

(D) White

(G) Gray

(E) Cedar

(H) Sand

**please inquire for pricing and lead times.*

IPE

WEARDECK is a high density polyethylene resin with UV inhibitors. Weardeck's 5/4" thick deck board is rated to span joists 24" on center with the highest live load capacity in the industry. Rated for ground and underwater contact and will not support mold or mildew growth. This product is 100% manufactured in Ocala, FL and offers a 25 year commercial and a lifetime residential warranty. *Cons:* Not a natural wood.

Barefoot Collection

"Lighter Colors, Cooler Touch"

Heat-Reflective Technology

- Reflects the sun's hot rays off the surface of the board
- Reduces surface temperature by at least 30% on each color

IPE is extremely hard, very durable and naturally resistant to rot and insects. Ipe's strong, resilient properties make it an excellent material choice for marine applications. *Cons:* It is a natural wood, therefore there will be inconsistencies with regard to color, weathering and texture. Due to the density of Ipe, it is heavy and hard to drill and cut, therefore more labor intensive than working with other decking materials.

A Dock Mounted Roller

A single 12" keel roller designed to assist you when moving canoes, kayaks, or other small crafts on or off the dock. **\$ 112**

universal mount
mounts to dock
frame or decking

track frame mount
for aluminum floating
docks shown on p. 38-40

Dock pricing includes frame and removable decking. Wheel dock pricing includes (1) pair of wheels and axle assembly. The necessary assembly components are sold separately.

*Weights for docks do not include the decking with the exception of docks with Sure-Step® decking, which attaches directly to the dock frame and is not removable.

Caspian Lake,
Greensboro, VT

Our medium duty aluminum frame leg and wheel docks offer superior strength and stability, featuring taller frames and longer and wider sections than our standard duty frames. Easy to install, the support stanchions are built into the frame and flush to the sides of the dock, allowing for an obstruction-free dock edge.

Medium Duty Aluminum Leg & Wheel Docks

- Exceptionally strong, 7" tall aluminum frame
- Support stanchions built into the frame, for an obstruction-free dock edge
- Removable decking panels in cedar, composite or aluminum
- Ipe hardwood decking option also available

EASY to install

No sharp edges on underside of frames make our aluminum docks easy on the hands for carrying.

West Glover, VT

Above Top: Medium duty aluminum docks with cedar decking and 2,000 lb. vertical boat lift. Inset: Dock sections installed side-by-side to create an "L" shape with optional triangle section for more deck space.

Leg & Wheel Docks

Heavy Duty Steel Truss

Designed for exposed sites and rough water conditions, our heavy duty steel truss leg and wheel docks are incomparable for strength and durability. The heavy duty truss frame allows water to pass through the frame.

Ticonderoga, NY

Heavy Duty Steel Truss Leg & Wheel Docks

- Designed for exposed sites
- Heavy duty 9" galvanized steel truss frame with adjustable leg stanchions built into frame
- Removable decking in cedar or composite
- Ipe hardwood decking option also available
- 10 year limited warranty

Transition safely with our ladders, shallow water stairs, or stair systems.

(A&B shown on page 8, C shown on pages 18-19)

Above: Steel truss leg docks with dock-mounted 2-craft storage rack.

Above: Steel truss leg docks with cedar decking, vertical fenders, solar post lights and shallow water stairs (see accessories on page 8-17).

Peacham, VT

6' wide leg docks with IPE decking upgrade and our lower access platform – for swimming and boarding paddle crafts (see page 9).

Sliding Boarding Step \$899

Bridges the gap from your dock to your boat

Remove the gap to transition safely to/from your boat. Securely attaches to your existing dock. Find out more at: www.thedockdoctors.com/boardingstep

Queensbury, NY

12,000 lb. capacity Ultimate Lift with oil bath drive upgrade.

Shelburne, VT

12,000 lb. Ultimate vertical boat lift with custom canopy.

Boathouse Lifts are custom built to be installed in new or existing boathouses. These lifts are designed to accommodate various boat styles, capacities, and in some cases, aesthetic appearance.

- Freestanding units for boathouses without structural integrity to support your boat
- Bunk style cradle system with pull-out tubes for winter storage
- Sling style for shallow water applications

See pages 28–29 in our *CUSTOM* catalog or visit our website for more details on our Custom Boat Lifts.

Occasionally, protecting your boat requires a product that is designed to fit your individual needs. We can design, fabricate, and install custom canopies, boat lifts and much more to accommodate unique situations. Please contact us for a free estimate and conceptual layout.

Above: The Dock Doctors Ultimate Lift (see pages 60–63) customized to attach to the shore with galvanized lift arms which allow it to be raised for winter storage.

Lake Placid, NY

Custom powder coated uprights for use with a standard RGC® canopy.

Installation & Removal Service - Let the Waterfront Specialists do it for you!

Living in the Northeast often has the added responsibility of removing and installing your dock system every year. Take the worry and hassle away with **The Dock Doctors® seasonal service plan**, and have the assurance that your system will be taken care of with the utmost quality and safety in mind.

We provide service to all areas in the Northeast

Our portable workboats from 25'-32' in length allow us to provide installation for our products throughout the Northeast.
