Commercial Dock & Launch Systems

- Heavy-duty system meets commercial & municipal quality standards with a 7” universal track-style frame and composite or Ipe decking.

- Features boarding handle and grab and launch rails. Non-skid surface on the launch platform.

- Can be used as a complete floating dock system, integrated into existing systems, or in conjunction with any of our floating dock systems.

- Optional transfer platform for wheelchair to craft access. Optional ADA curbing and rails.

ADA accessible option

Our ADA transfer platform is available as an option on our launch dock system or can be sold separately and mount to your existing dock.
Floating Kayak Launch

Featuring a 7” tall aluminum frame, and a 20’3” × 19’ overall size, our heavy duty commercial dock and launch system includes:

A  (1) main frame (7’ × 19’)
B  (2) dock fingers (7’ × 13’3”)
C  Launch ramp (4’4” × 15’)
   with built in rollers & Sure-Step® non-skid decking
D  Boarding handle
E  Grab and launch rails

*Site conditions, anchoring & decking selection are necessary to determine final pricing. Please call for a free estimate on your project.

Dock & Launch System

The YAKport launch makes getting in and out of the water easy for beginners or experienced users. The YAKport can be installed to virtually any floating or fixed dock and can be used for kayaks, canoes or stand up paddle boards (SUP) up to 34” wide. Made from highly durable UV protected polyethylene.

YAKport: $620 MSRP

Please see p. 42 of our Stock Catalog or visit our website at: www.thedockdoctors.com/yakport
