PRICE INCREASE NOTICE

Since our catalogs were printed in January 2021, material suppliers are implementing 10% - 20% price increases. These increases are in many sectors of the commodity market from steel, aluminum, plastic, vinyl, lumber, and composite materials. We unfortunately can no longer absorb these increases and will need to implement a price increase on all stocked products. Prices for "order online" products on our website include the increase. Thank you for your understanding. Read more at: thedockdoctors.com/covid-updates

*Weight is with decking removed. Custom size swim floats available, please contact us for details. Ipe hardwood or other composite decking options available. See decking details and color choices on p.8.

Options & Accessories : Decking Choices

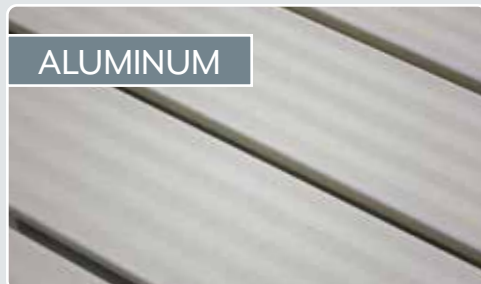

Choosing the decking for your new dock system is an important choice, and there are many factors to consider. Maintenance, cost, color and personal style-preferences.

CEDAR is a natural, cost effective decking option that is naturally resistant to decay and insects. We use STK Western Red Cedar (Select Tight Knot Grade or Number 2). It is generally

regarded as a high-quality choice for cedar, and any knots present are sound encased and tight. The wood is generally straight-grained and has a uniform, but rather coarse texture.

CONS: Over time, cedar will absorb moisture and weather to a soft silvery gray unless sealed with a preserving stain.

ALUMINUM resists the growth of mold and mildew and won't rust, rot, split or stain. This painted then baked beige finish eliminates glare from the aluminum.

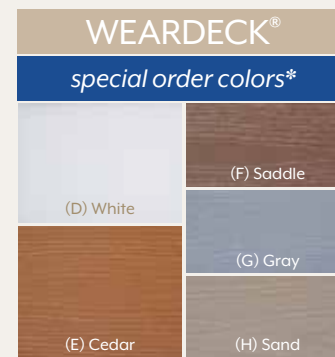

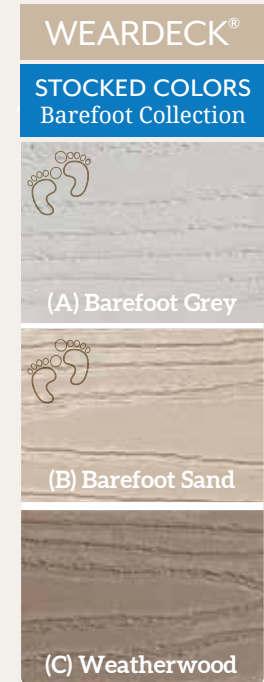

The non-slip, rigid, surface is

low-maintenance and cool to the touch. Color is Sherman Williams Beige PHT160052.

CONS: Can sound metallic when walking on it, especially on our docks with removable panels.

WEARDECK is a high density polyethylene resin with UV inhibitors. WearDeck's 5/4" thick deck board is rated to span joists 24" on center with the highest live load capacity in the industry. Rated for ground and underwater contact and will not support mold or mildew growth. This product is 100%

*please inquire for pricing and lead times.

manufactured in Ocala, FL and offers a 25 year commercial and a lifetime residential warranty.

Cons: Not a natural wood.

Barefoot Collection

"Lighter Colors, Cooler Touch"

Heat-Reflective Technology

- Reflects the sun's hot rays off the surface of the board
- Reduces surface temperature by at least 30% on each color

Ipe Hardwood Decking Upgrade

IPE is extremely hard, very durable and naturally resistant to rot and insects. Ipe's strong, resilient properties make it an excellent material choice for marine applications.

Cons: Due to the density of Ipe, it is heavy and hard to drill and cut, therefore more labor intensive than working with other decking materials. It is also a natural wood, therefore there will be inconsistencies with regard to color, weathering and texture.

SURE-STEP is a slip-resistant, polypropylene surface that allows water and sunlight through to help conserve the underwater ecosystem. Preferred option for dock structures that are situated close to the water so waves will

pass through the decking, adding minimal resistance. Color: Grey.

Cons: Only available in certain dimensions, so may not be a viable option for many applications.

This product **ONLY** available on our Standard Duty Aluminum Leg & Wheel Docks

Decorative Option

Wooden skirtboards are used to camouflage the steel truss frame, providing the appearance of a wooden dock system. Please inquire for pricing and details.

**All our products
are proudly made
in the USA**

Options & Accessories : Vertical Fenders, Cleats

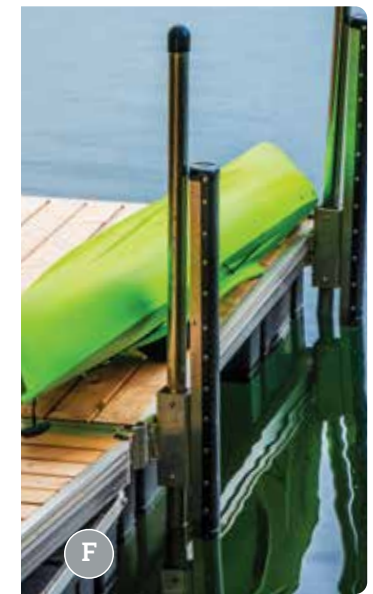

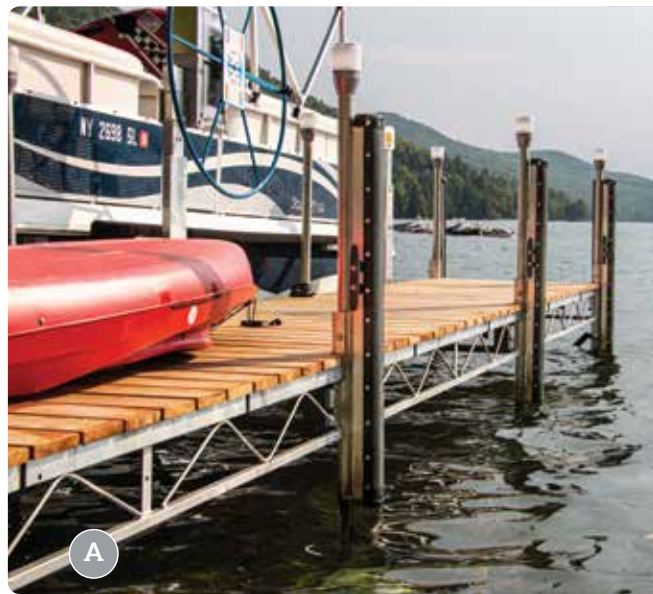

Shipping Available

Protect your boat and dock with our adjustable vertical fenders

(available for all dock systems)

Our unique vertical fender design provides a double adjustment both on the fender mount & on the dock support pipe (see diagram page 11) – which is often necessary due to lake level and boat style. Add a fender cleat kit (see **G** on p. 11) for a complete securing system for your boat.

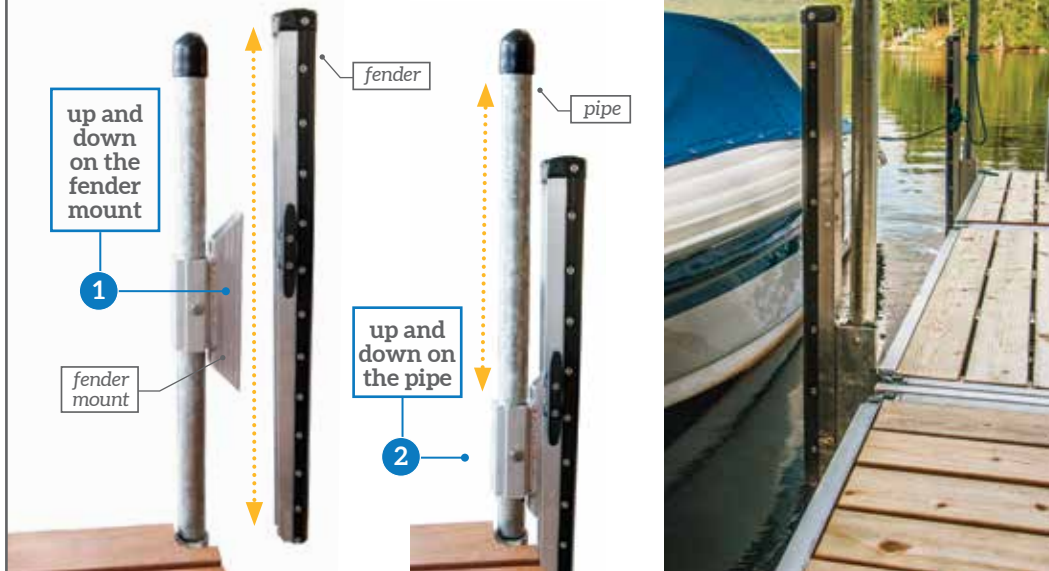

Vertical Fenders

Fender Style	Mounting Style	3' long	4' long
<i>For all Aluminum Leg & Wheel Docks & Steel Truss Leg Docks with 1 1/2" pipe:</i>			
A Fender	1 1/2" pipe mount	\$ 149	\$ 169
B Double Corner Fender	1 1/2" pipe mount	\$ 265	\$ 315
<i>For all Steel Truss Wheel Docks with 1 1/2" pipe:</i>			
C Fender with offset	1 1/2" pipe mount	\$ 159	\$ 179
<i>For all Mega Leg Docks with 3" pipe or Custom Articulating Docks with 2" pipe:</i>			
D Fender	2" or 3" pipe mount	\$ 185	\$ 205
<i>For all Aluminum "Track-Frame" Floating Docks:</i>			
E Fender	Track Mounted	\$ 162	\$ 182
<i>For all Aluminum "Track-Frame" Floating Docks - includes spud mount:</i>			
F Fender	Spud Anchor Mounted	\$ 350	\$ 370

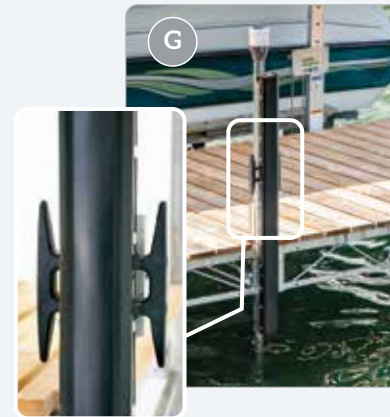

Vertical Fenders, Cleats

Our Vertical Fenders offer two forms of adjustment:

The unique design of The Dock Doctors vertical fenders provide exceptional performance by separating the impact and movement of the boat from the dock.

- Our quality fender material provides adequate cushion for protection – but is firm and slick enough to allow the boat gunnel to slide up and down without friction that could cause damage to seasonal docks.
- The vertical orientation and fender length allows the boat gunnel to keep contact with the fender, especially with water fluctuation or wave action.

Fender Cleat Kit

Designed to be used with the 3' or 4' fenders shown on page 10. Includes (2) cleats per kit that bolt onto the fender mount.

\$ 40 per kit

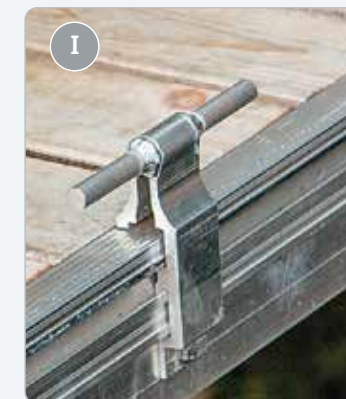

includes 2 cleats and hardware to attach to vertical fender

H Pipe Cleat (for 1 1/2" pipe)

A single cleat mounted to a sleeve that slides over the leg pipe. Available for all leg & wheel docks except the mega leg & wheel docks.

\$ 35 each

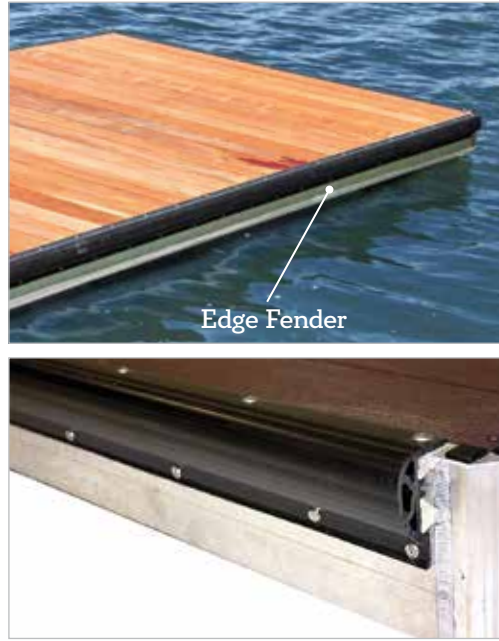

I Track Cleat

Designed to slide along the track of our floating aluminum track dock systems.

\$ 23 each

Options & Accessories : Edge Fenders, Mooring Whips, Boat Access

A Edge Fender

An alternative to our vertical fenders, this high quality, non-marring black edge fender can be installed on our Aluminum Leg & Wheel Docks (standard and medium duty), our Aluminum Floating Docks and our Custom Steel Truss Floating Docks.

\$ 7.⁷⁵ per foot

(material only, not installed, not including fasteners)

\$ 10.⁹⁵ per foot

(installed with stainless steel fasteners)*

**installation available on new dock orders only*

B Taylor Made Mooring Whips

Mooring whips with fixed angle base. Two-piece kit, will need to be epoxied (epoxy included with kit). Recommended for low profile boats such as bass boats, runabouts and sport boats.

MW120: **\$ 585** for 18' – 23' boats / 2,500–5,000 lbs.

MW140: **\$ 685** for 24' – 28' boats / 5,000–10,000 lbs.

Disclaimer: Some docking conditions may be too rugged for this product.

C Mooring Whip Dock Mounts (for Dock Doctors docks)

Required for docks with removable decking. **\$ 149**

(for Taylor Made mooring whip models listed above only)

Truss frame mount

Track frame mount

D

D Sliding Boarding Step

Our sliding boarding step easily slides and retracts so you can safely board your boat from your dock. Securely attaches to your existing dock. Includes a safety handrail that can mount to either side of platform.

\$ 915

Great for people and pets!

E

E Boarding Handle

Providing a safe handhold when boarding your boat, our boarding handle is made with marine-grade aluminum. Mounts for **Dock Doctors** floating aluminum track dock systems or universal mount to attach to any dock frame. Height from mount to top of handle is 48".

Boarding Handle \$ 105

Mounts (*not included with handle*):

Track Mount (shown)..... **\$69**

Universal Mount **\$69**

F Lower Access Platform for swimming & kayaking

Stationary leg docks are often quite a distance above the waters' surface, making accessing the water for swimming or kayaking very difficult. Our lower access platform is designed to provide you with a safe transition to the water.

Dock Ladder (optional)

15" wide

9' 3" long

F

- 5" tall aluminum frame
- Sure-Step® flow-thru, anti-slip decking
- Designed to be used alongside any 8'-10' long dock with 1 ½" support pipes
- Adjustable sleeves slide over 1 ½" support pipes

Lower Access Platform: **\$769**
add optional ladder (*see p. 18*)

Storage Racks: Kayak/Canoe/PaddleBoard

Marine-grade aluminum frame small craft storage racks. Available in freestanding, wall mounted, and dock mounted styles. Featuring arms with vinyl hull guards and end caps with built-in tie-down openings. Crafts can be secured with a cable and lock (not included).

adjustable arms with eye-bolts for securing tie-downs

end caps with built-in tie-down openings

optional bungees to secure your craft (adjustable 10"– 48")

Commercial Storage Rack

Dock pricing includes frame and removable decking. Wheel dock pricing includes (1) pair of wheels and axle assembly. The necessary assembly components are sold separately. *Weights for docks do not include the decking with the exception of docks with Sure-Step® decking, which attaches directly to the dock frame and is not removable.

Leg & Wheel Docks : Medium Duty Aluminum

see page 3 for details

Our medium duty aluminum frame leg and wheel docks offer superior strength and stability, featuring taller frames and longer and wider sections than our standard duty frames. Easy to install, the support stanchions are built into the frame and flush to the sides of the dock, allowing for an obstruction-free dock edge.

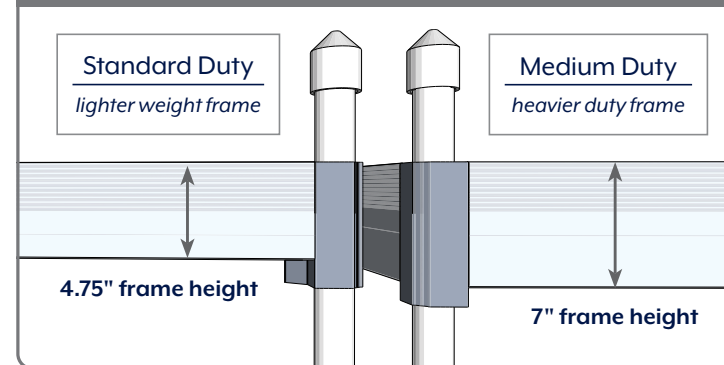

Medium duty aluminum docks with composite decking (special order color) and 6,000 lb. vertical boat lift with Sunbrella canopy (see pp. 54-57). Accessories include shallow water stairs, vertical fenders and solar post lites.

Medium Duty Aluminum Leg & Wheel Docks

- Exceptionally strong, 7" tall aluminum frame
- Support stanchions built into the frame, for an obstruction-free dock edge
- Removable decking panels in cedar, composite or aluminum
- Ipe hardwood decking option also available

Standard Duty vs. Medium Duty Frames

Leg & Wheel Docks : Medium Duty Aluminum

Orwell, VT

Lake George, Ticonderoga, NY

Dock section used as a ramp.

6' x 10' sections with WearDeck decking in barefoot sand.

Lake Bomoseen, Castleton, VT

special order decking color

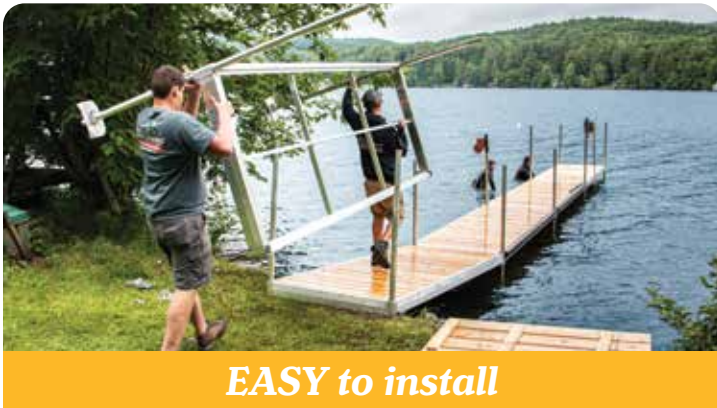

Optional triangle section for more deck space

Greensboro, VT

6 foot wide sections optimize deck space

EASY to install

No sharp edges on underside of frames make our aluminum docks easy on the hands for carrying.

Greensboro, VT

6' x 10' sections with cedar decking

Above: Dock sections are installed side-by-side to create a "T" shape.

Wheel docks easily roll in and out as the water fluctuates.

Leg & Wheel Docks : Medium Duty Aluminum

Above Left & Right : Our dock mounted kayak / canoe roller and pipe-mounted storage arms (see page 15) are great accessories for launching and storing your paddle crafts. See all our [dock accessories](#) on pages 8-18).

Medium duty aluminum leg docks with aluminum decking. Accessed by our adjustable aluminum stairs (see pages 19-21).

Boat Lift Installation & Removal Tools

Make the seasonal installation and removal of your boat lift easier with a wheel kit and/or air bag lift system.

A Boat Lift Wheel Kits

Specifically designed for use with RGC® boat lifts and can be modified for use with hydraulic boat lifts. Includes a pair of welded galvanized steel mounting brackets and a pair of heavy duty polyethylene wheels (8K-10K kit comes with 4 wheels).

- BLW2045 (fits 2,000 - 4,500 lb. lifts): **\$ 325 / pair**
- BLW5060 (fits 5,000 - 6,000 lb. lifts): **\$ 340 / pair**
- BLW5060 (fits 8,000 - 10,000 lb. lifts): **\$ 475 / pair**

B Air Bag Lift Kits

Inflatable 250 and 500 lb. capacity air bags designed to float your boat lift for seasonal installation and removal. Ideal when used in conjunction with a wheel kit (see photo on left).

- 250 lb. capacity: **\$ 290 / airbag**
- 500 lb. capacity: **\$ 415 / airbag**

Each kit includes (1) airbag, with a connecting kit (carabiner and strap). Airbag inflates with air compressor with a standard 1/4" NPT air fitting.

Boat Lifts : Hydraulic Lifts

- Available from 2,000 to 12,000 lb. capacity
- Stainless steel hardware
- Aluminum hydraulic cylinders with stainless steel fittings and hose assemblies
- Full length vinyl bunks
- Pontoon & Tritoon kits available
- Solar or AC charging options
- Manufactured by RGC®
- 15 year limited warranty
