*** Free Curbside Delivery Terms & Conditions:** 1. Curbside delivery definition: We will back up as close as we can with our vehicle to your installation site and off-load your product. We cannot carry your product further than the side/rear of our truck/trailer. Our delivery vehicles cannot go off of approved driveway surfaces (ie on grass, etc.). 2. Free delivery available on The Dock Doctors® Stock Products only. Please see chart above for minimum purchase amounts to qualify for free delivery. Free delivery does not apply to Rowing or Paddle Docks or Ultimate Boat Lifts. 3. Boat Lifts, canopies & accessories – free delivery applies to products in stock only. 4. If you want your product installed, please inquire on rates for this service – free delivery does not apply. 5. Additional fees apply for wide loads (assembled boat lifts) & ferry charges, if needed. 6. Purchases under \$2,000 are subject to a \$4.00 per mile one way charge from Ferrisburgh, VT. A ground shipping method/charge by another source such as Common Carrier or UPS may be more feasible depending on product purchased. 7. [^]Due to regulations for hourly driving restrictions by the Federal Motor Carrier there may be an additional fee applicable to deliveries 200 miles or over for overnight charges. 8. Large loads may require assistance on site to off-load.

3 foot: **\$279**
4 foot: **\$299**
5 foot: **\$319**

Options & Accessories : Decking Choices

Choosing the decking for your new dock system is an important choice, and there are many factors to consider. Maintenance, cost, color and personal style-preferences.

CEDAR is a natural, cost effective decking option that is naturally resistant to decay and insects. We use STK Western Red Cedar (Select Tight Knot Grade or Number 2). It is generally regarded

as a high-quality choice for cedar, and any knots present are sound encased and tight. The wood is generally straight-grained and has a uniform, but rather coarse texture.

CONS: Over time, cedar will absorb moisture and weather to a soft silvery gray, unless sealed with a preserving stain.

ALUMINUM resists the growth of mold and mildew and won't rust, rot, split or stain. This painted then baked beige finish eliminates glare from the aluminum. The non-slip, rigid, surface is

low-maintenance and cool to the touch. Color is Sherman Williams Beige PHT160052.

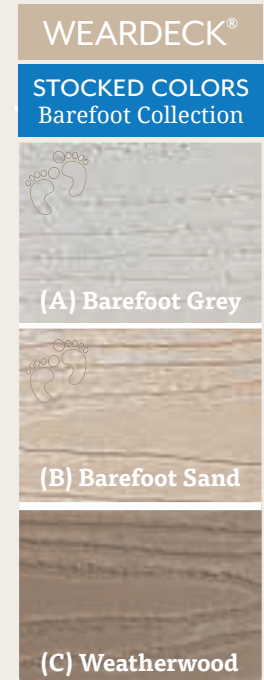

CONS: Can sound metallic when walking on it, especially on our docks with removable panels.

WEARDECK is a high density polyethylene resin with UV inhibitors. WearDeck's 5/4" thick deck board is rated to span joists 24" on center with the highest live load capacity in the industry. Rated for ground and underwater contact and will not support mold or mildew growth. This product is 100% manufactured in Ocala, FL and

*please inquire for pricing and lead times.

offers a 25 year commercial and a lifetime residential warranty.

Cons: Not a natural wood.

Barefoot Collection
"Lighter Colors, Cooler Touch"

Heat-Reflective Technology

- Reflects the sun's hot rays off the surface of the board
- Reduces surface temperature by at least 30% on each color

Ipe Hardwood Decking Upgrade

IPE is extremely hard, very durable and naturally resistant to rot and insects. Ipe's strong, resilient properties make it an excellent material choice for marine applications.

Cons: Due to the density of Ipe, it is heavy and hard to drill and cut, therefore more labor intensive than working with other decking materials. It is also a natural wood, therefore there will be inconsistencies with regard to color, weathering and texture.

SURE-STEP is a slip-resistant, polypropylene surface that allows water and sunlight through to help conserve the underwater ecosystem. Preferred option for dock structures that are situated close to the water so waves will pass

through the decking, adding minimal resistance. Color: Grey.

Cons: Only available in certain dimensions, so may not be a viable option for many applications.

This product **ONLY** available on our Standard Duty Aluminum Leg & Wheel Docks

Decorative Option

Wooden skirt-boards and cedar post covers are used to camouflage the steel truss frame and leg pipe, providing the appearance of a wooden dock system. Please inquire for pricing and details.

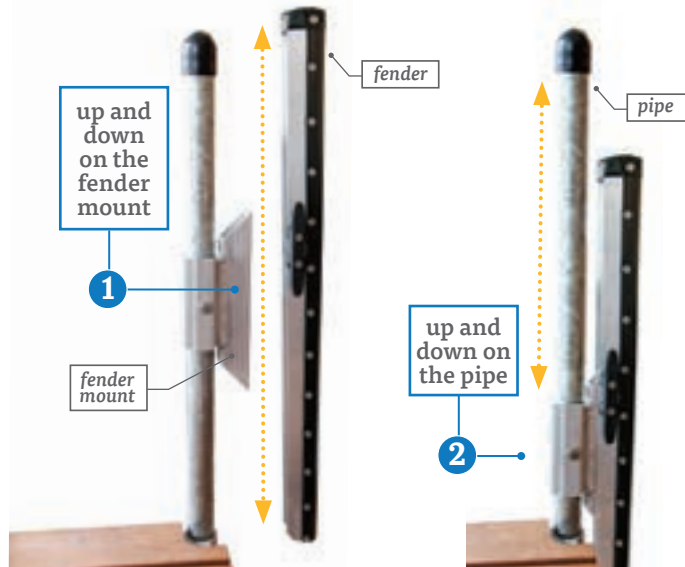

Shipping Available

Protect your boat and dock with our adjustable vertical fenders

(available for all dock systems)

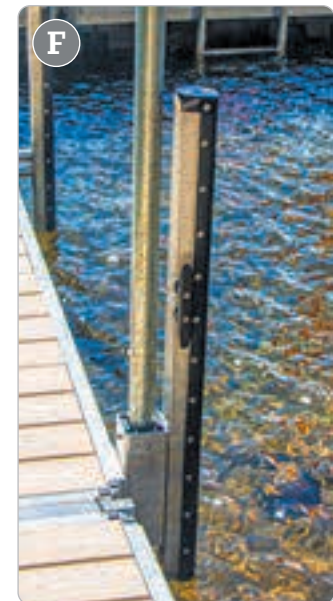

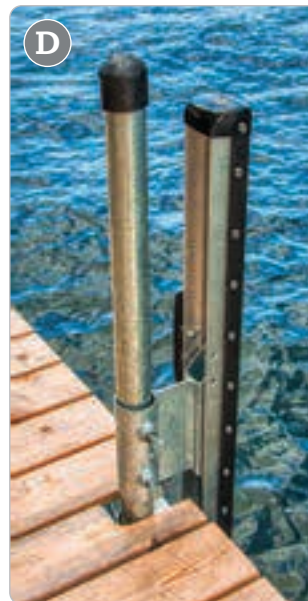

Our Vertical Fenders

offer two forms of adjustment:

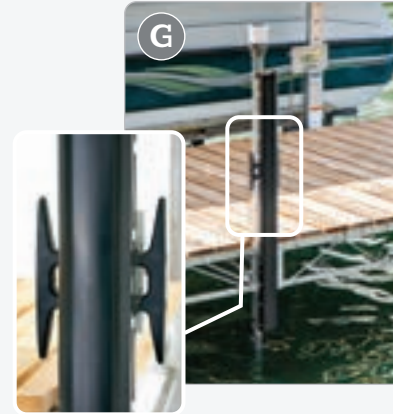

Our unique vertical fender design provides a double adjustment both on the fender mount & on the dock support pipe (see diagram above) – which is often necessary due to lake level and boat style. Add a fender cleat kit (see **G** on p. 11) for a complete securing system for your boat.

Our quality vertical fender material provides adequate cushion for protection – but is firm and slick enough to allow the boat gunnel to slide up and down without friction that could cause damage to seasonal docks.

Vertical Fenders, Cleats

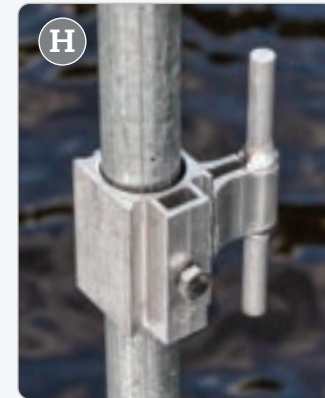

G Fender Cleat Kit

Designed to be used with the 3' or 4' fenders shown on page 10. Includes (2) cleats per kit that bolt onto the fender mount.

\$ 45 per kit

includes 2 cleats and hardware to attach to vertical fender

H Pipe Cleat (for 1 1/2" pipe)

A single cleat mounted to a sleeve that slides over the leg pipe. Available for all leg & wheel docks except the mega leg & wheel docks.

\$ 40 each

I Track Cleat

Designed to slide along the track of our floating aluminum track dock systems.

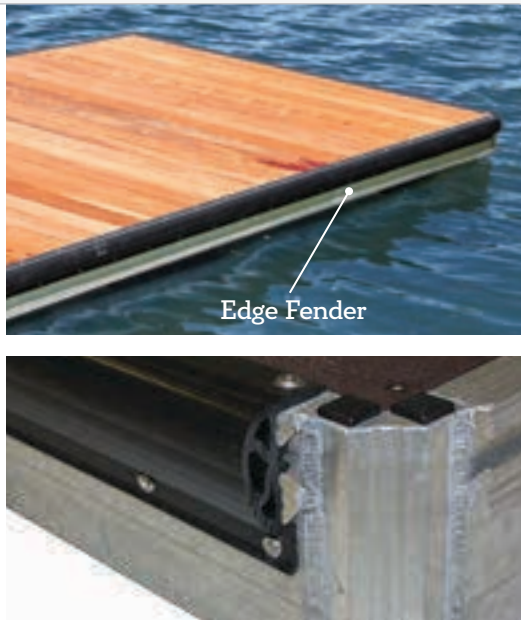

\$ 26 each

SURCHARGE NOTICE: Due to supply issues and cost increases, a 10% surcharge will be applied to all of our printed prices until further notice and is subject to change.

Options & Accessories : Boat & Paddle Craft Access

Lower Access Platform : *for swimming & kayaking*

Stationary leg docks are often quite a distance above the waters' surface, making accessing the water for swimming or kayaking very difficult. Our lower access platform is designed to provide you with a safe transition to the water.

- 5" tall aluminum frame
- Sure-Step® flow-thru, anti-slip decking
- Designed to be used alongside any 8'-10' long dock with 1 ½" support pipes
- Adjustable sleeves slide over 1 ½" support pipes

Lower Access Platform: \$885

add optional ladder (see p. 18)

SURCHARGE NOTICE: Due to supply issues and cost increases, a 10% surcharge will be applied to all of our printed prices until further notice and is subject to change.

Boat & Paddle Craft Access

A Dock Mounted Roller

A single 12" keel roller designed to assist you when moving canoes, kayaks, or other small crafts on or off your dock.

Dock Mounted Roller: \$ 133

A1 Universal Surface Mount or A2 Track Frame Mount for Dock Doctors Medium Duty Aluminum Floating docks (pages 46 - 51).

Watch a video and find out more at: thedockdoctors.com/kayak-roller

B Boarding Handle

Our marine-grade aluminum boarding handle provides a safe handhold when boarding your boat. Mounts to **Dock Doctors** floating aluminum track dock systems or universal mount to attach to any dock frame. Height from mount to top of handle is 48".

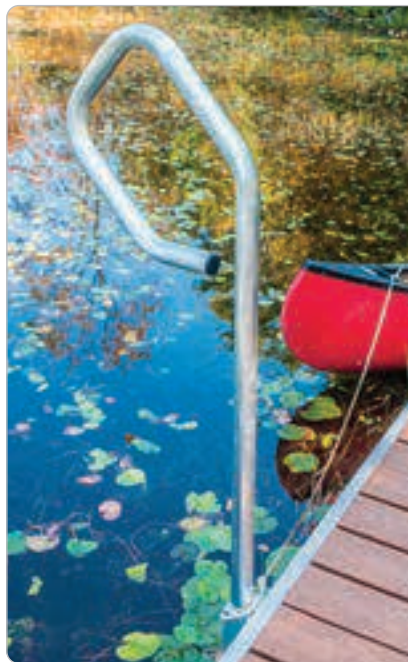

Boarding Handle: \$120

mount sold separately

B1 Universal Mount \$79

B2 Track Mount \$79

for Dock Doctors Medium Duty Aluminum Floating docks (pages 46 - 51).

C Sliding Boarding Step Great for people and pets!

Our sliding boarding step easily slides and retracts so you can safely board your boat from your dock. Securely attaches to your existing dock. Includes a safety handrail that can mount to either side of platform. See page 69 for full details and specifications.

Sliding Boarding Step: \$1,050

SURCHARGE NOTICE: Due to supply issues and cost increases, a 10% surcharge will be applied to all of our printed prices until further notice and is subject to change.

Options & Accessories : Sea Gull Eliminators & Solar Lights

Easy Hassle Free Mounting
No Wiring Required

\$ 56.⁹⁵
package of 2

Solar Dock Post Lites

- Fits standard pipes (1 1/2" & 2" ID in size)

Dock pricing includes frame and removable decking. Wheel dock pricing includes (1) pair of wheels and axle assembly. The necessary assembly components are sold separately. *Weights for docks do not include the decking with the exception of docks with Sure-Step® decking, which attaches directly to the dock frame and is not removable.

Leg & Wheel Docks : Medium Duty Aluminum

Our medium duty aluminum frame leg and wheel docks offer superior strength and stability, featuring taller frames and longer and wider sections than our standard duty frames. Easy to install, the support stanchions are built into the frame and flush to the sides of the dock, allowing for an obstruction-free dock edge.

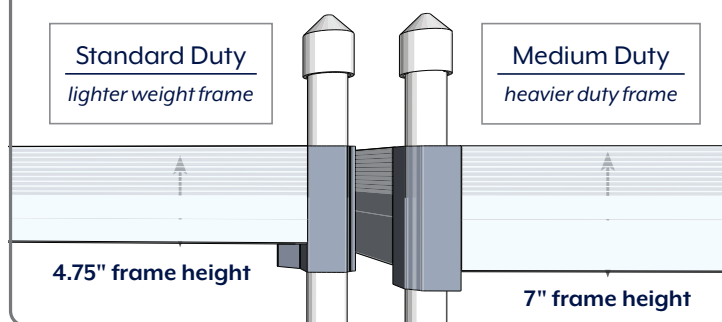

Medium duty aluminum leg docks with WearDeck decking in barefoot grey, vertical fenders and solar post lites.

Medium Duty Aluminum Leg & Wheel Docks

- Exceptionally strong, 7" tall aluminum frame
- Support stanchions built into the frame, for an obstruction-free dock edge
- Removable decking panels in cedar, composite or aluminum
- Ipe hardwood decking option also available

Standard Duty vs. Medium Duty Frames

6 foot wide sections optimize deck space

Greensboro, VT

Leg & Wheel Docks : Medium Duty Aluminum

Lake Bomoseen, VT

6' wide medium duty aluminum docks with composite decking (special order color) and 6,000 lb. vertical boat lift with Sunbrella canopy (see pp. 70-73). Accessories include shallow water stairs, vertical fenders and solar post lites.

6' x 10' sections side by side with composite decking and our aluminum stairs (see pages 19-21) for waterfront access.

EASY to install

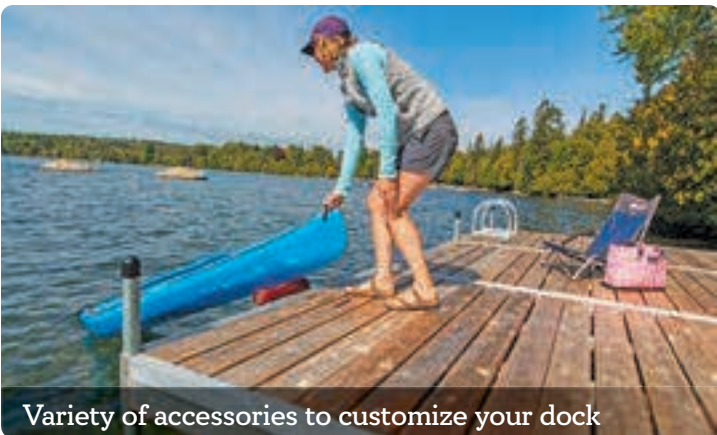

No sharp edges on underside of frames make our aluminum docks easy on the hands for carrying.

Optional triangle section for more deck space

Vertical Fender and Solar Post Lite

Variety of accessories to customize your dock

WearDeck decking in Barefoot Sand

Greensboro, VT

Main walkway with 4' x 10' sections, then 6' x 10' sections side by side. Shown with vertical fenders, shallow water stairs, cross braces, aluminum ladder and pipe-mounted storage arms. See all our **dock accessories** on pages 10-18).

Hinesburg, VT

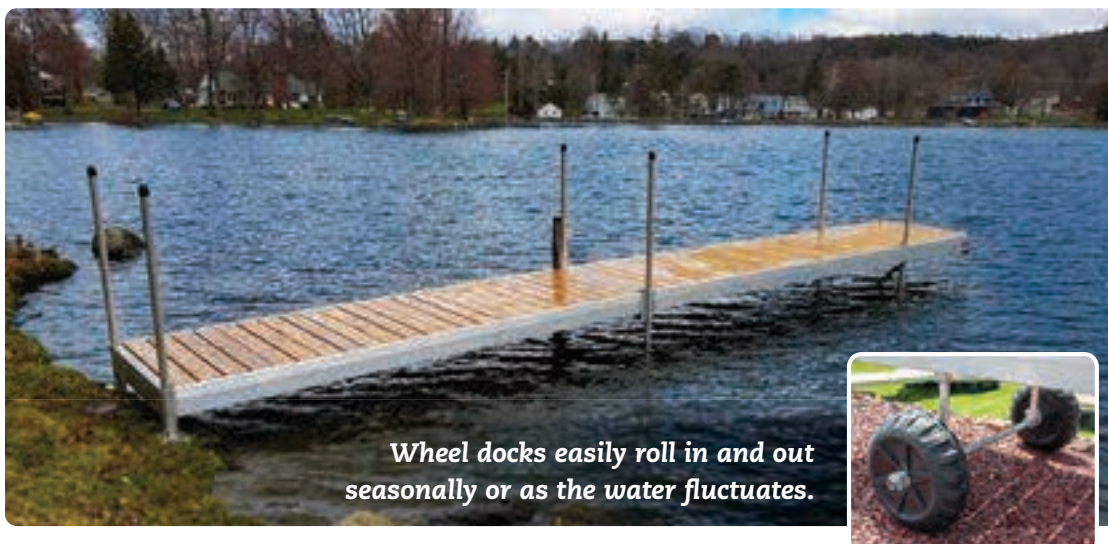

Main walkway with 4' x 10' sections, then a 6' x 10' section to create a larger platform.

Leg & Wheel Docks : Medium Duty Aluminum

Above Left: Sections arranged side-by-side to create a waterfront deck area on a site with a steep shoreline.

Above Right: Store your paddle crafts off your dock surface with our pipe-mounted storage arms. See all our **dock accessories** on pages 10-18).

Medium duty aluminum leg docks with aluminum decking. Accessed by our adjustable aluminum stairs (see pages 19-21).

Leg & Wheel Docks : Mega Duty Steel Truss

Designed for use in rough and deep water applications, our mega duty steel truss leg and wheel docks feature taller frames, longer and wider sections, and larger diameter upright supports than our heavy duty steel truss dock systems. Available in two stock sizes (or contact us for custom dock size options).

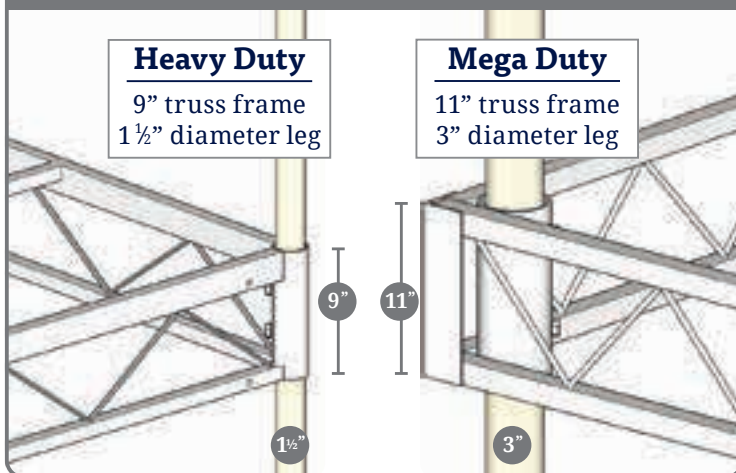

Shelburne, VT

Mega Duty Steel Truss Leg & Wheel Docks

- Designed for use in rough & deep water applications
- 11" tall galvanized steel truss frame
- 3" diameter upright supports
- Stocked in 6' x 20' & 8' x 20' sizes (custom sizes available)
- Adjustable leg stanchions built into frame
- Removable decking in cedar or composite
- Ipe hardwood decking option also available

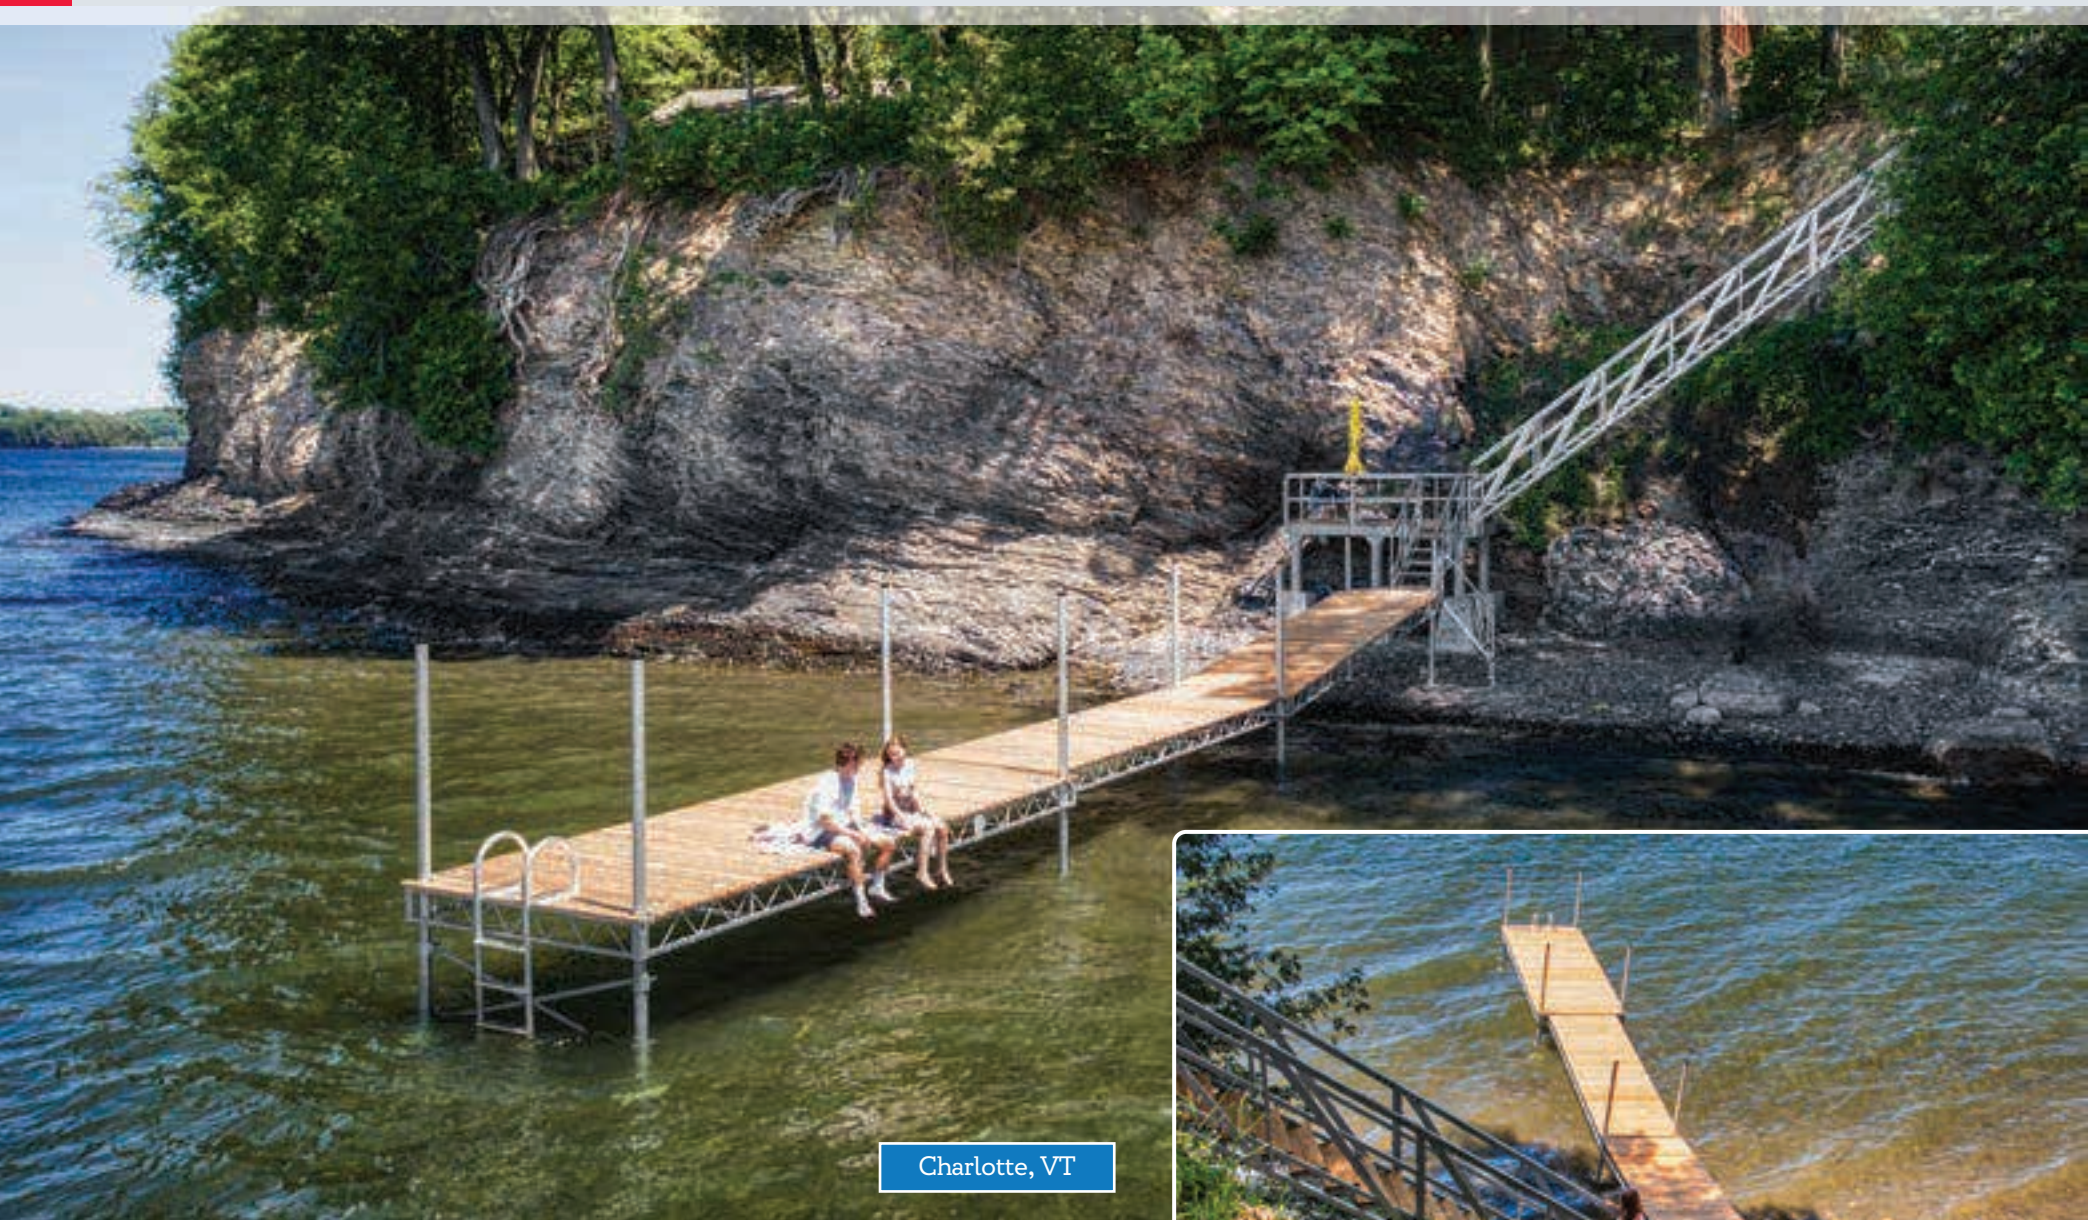

Heavy Duty vs. Mega Duty Frames

Our sliding boarding step easily slides and retracts so you can safely board your boat from your dock. See page 15 for pricing and details.

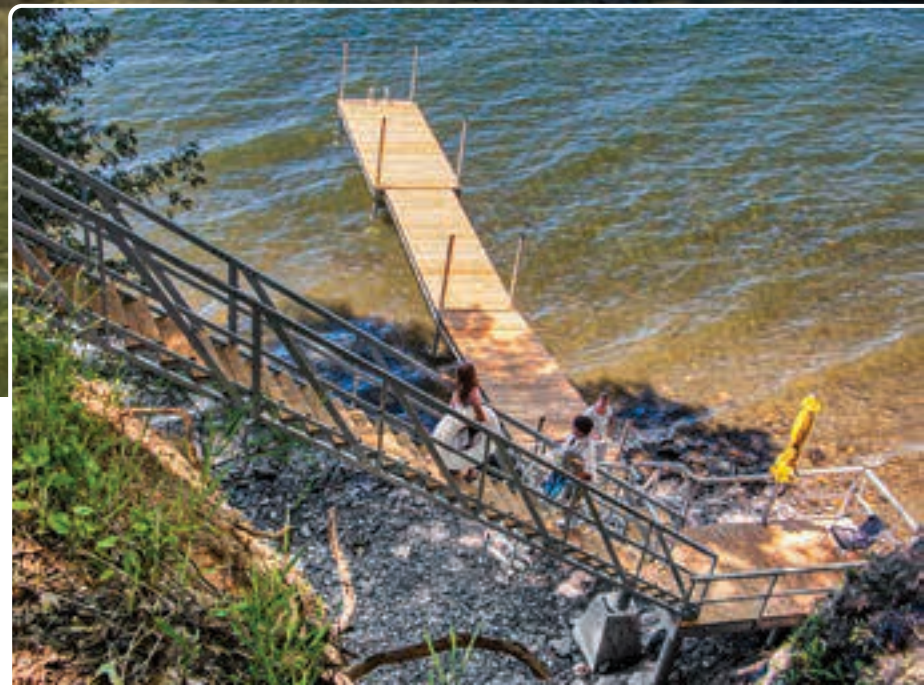

Leg & Wheel Docks : Mega Duty Steel Truss

Charlotte, VT

Floating Docks : Medium Duty Aluminum

Our medium duty aluminum floating docks feature our “aluminum track” frame, allowing for easy mounting of hardware and accessories. These pre-manufactured “stock” docks are readily available for pick up, delivery or installation and are designed to be easily installed for the do-it-yourselfer.

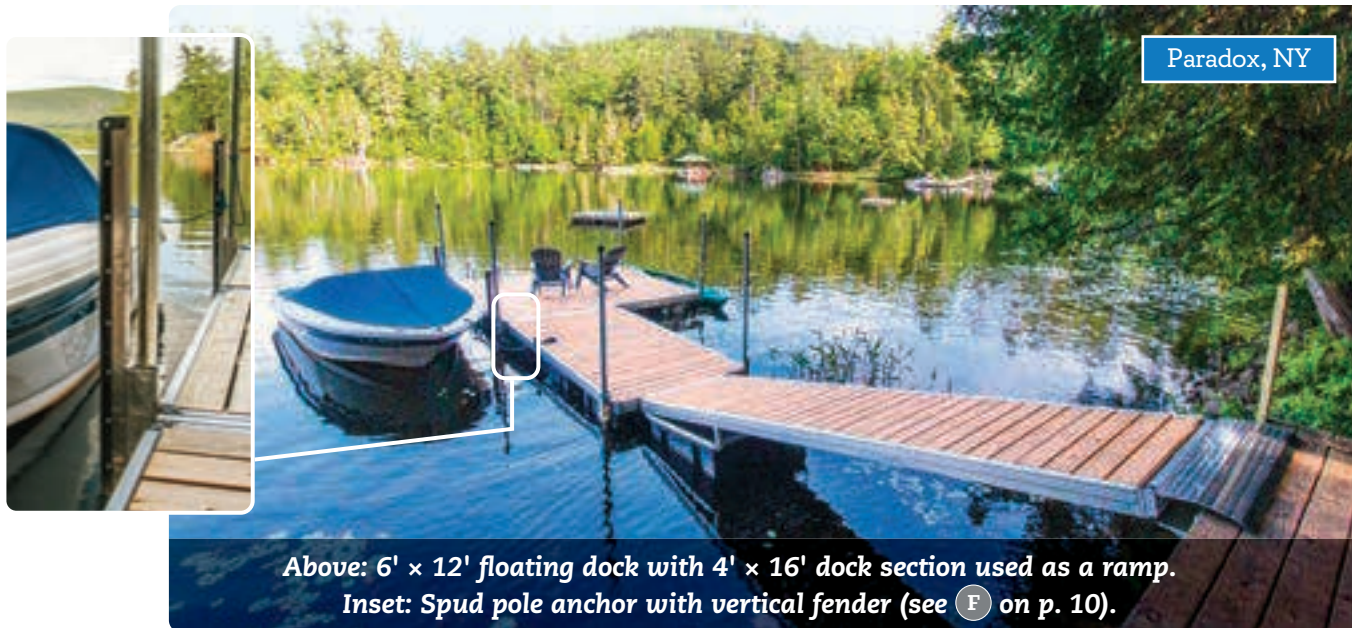

Schroon Lake, NY

Medium Duty Aluminum Floating Docks

- Used in residential & light commercial applications
- Exclusively designed frame by The Dock Doctors®
- Universal track-style 5" tall aluminum frame allows for easy mounting of hardware & accessories
- Removable decking panels in cedar, aluminum or composite
- Ipe hardwood decking also available
- Black polyethylene flotation filled with expanded polystyrene

Aluminum floating dock with cedar decking. Features a fixed to floating combination of dock styles for use on bodies of water that have fluctuating water levels. The fixed leg dock sections provide a walkway that can accommodate high and low water levels. The transition piece (inset) allows for horizontal movement while the floating dock can float up and down on the anchoring.

Above: 6' x 12' floating dock with 4' x 16' dock section used as a ramp.
Inset: Spud pole anchor with vertical fender (see **F** on p. 10).

Floating Docks : Medium Duty Aluminum

Shoreham VT

Aluminum floating dock and 3' x 24' aluminum gangway with cedar decking.

Seamless transition from gangway to dock.

Our heavy duty steel truss docks serve as a walkway over a marshy shoreline.

Aluminum Ladder
(see p. 18)

Schroon Lake, NY

Aluminum floating dock with WearDeck composite decking, solar post lights, and vertical fenders. 4' x 16' dock section used as a ramp.

Ludlow, VT

Plymouth, VT

Floating Docks : Medium Duty Aluminum

Aluminum floating dock and gangway with WearDeck® decking in barefoot grey. Anchored with our chain tube anchor mount (inset) and our custom pile dock as a shore hitch.

Our heavy duty aluminum docks with a 7" tall frame are ideal for sites with more exposure (see pages 4-5 & 51-53 in our Custom Catalog).

Our unique float frame and hinge-system allow for a seamless transition from gangway/ramp to dock (no step down) & adjusts to fluctuating water levels.

Assembly Components

Boat Lifts : Boat Access & Seasonal Service Tools

Sliding Boarding Step

SURCHARGE NOTICE: Due to supply issues and cost increases, a 10% surcharge will be applied to all of our printed prices until further notice and is subject to change.

Dock mounted sliding boarding step that bridges the gap between your dock and your boat. Easily slides and retracts so you can safely board your boat from your dock. Extends approximately 20" depending on the mounting location on the dock and includes a safety handrail that mounts to either side of the platform. Great for people AND pets! **\$ 1050** (ships UPS ground)

Shipping Available

Boat Lift Installation & Removal Tools

Make the seasonal installation and removal of your boat lift easier with a wheel kit and/or air bag lift system.

Boat Lift Wheel Kits

Specifically designed for use with RGC® boat lifts and can be modified for use with hydraulic boat lifts. Includes a pair of welded galvanized steel mounting brackets and a pair of heavy duty polyethylene wheels (BLW5075 kit comes with 4 wheels).

BLW2045 (fits 2,000 - 4,500 lb. lifts): **\$ 375 / pair**

BLW5060 (fits 5,000 - 6,000 lb. lifts): **\$ 390 / pair**

BLW5075 (fits 5,000 - 8,000 lb. lifts): **\$ 545 / pair**

Air Bag Lift Kits

Inflatable 250 and 500 lb. capacity air bags designed to float your boat lift for seasonal installation and removal. Ideal when used in conjunction with a wheel kit (see photo on left).

250 lb. capacity: **\$ 315 / airbag**

500 lb. capacity: **\$ 440 / airbag**

Each kit includes (1) airbag, with a connecting kit (carabiner and strap). Airbag inflates with air compressor with a standard 1/4" NPT air fitting.

Boat Lifts : Vertical Lifts

4500 lb. boat lift

Vertical boat lifts for any size and style boat:

- All stainless steel hardware & cables
- High lifting range
- Minimal water required
- Manufactured by RGC®
- 15 year limited warranty
- Delivery & installation available

Below: 8000 lb. boat lift with double bunks for larger boats. Shown with optional canopy (see page 73).

2000 lb. & 1250 lb. boat lifts with higher lifting heights from the regular cantilever PWC lifts to accommodate smaller crafts in exposed areas.

SURCHARGE NOTICE: Due to supply issues and cost increases, a 10% surcharge will be applied to all of our printed prices until further notice and is subject to change.
